OTSEGO'S WIN FROM GRAYLING

BIG TOURNAMENT CLOSES WITH BEST GAME OF THE SERIES.

Lone Error in Third Inning Responsible For Only Run of Game.

On account of the rain Thursday the big Grayling-Otsego game was played on Friday afternoon and drew out a big crowd, there being an attendance of about 1,500.

All northern Michigan from Bay City to the Straits was base ball crazy. All those in territory who could get away were at the game Friday for

the final clash between the teams of Tom Stephens, millionaire lumberman of Waters and the Grayling team, backed by the Hansons. For this final clash between bitter rivals hundreds of dollars have been spent.

The base ball tournament at the Gaylord fair was Stephens' idea. Grayling had Dubuc and Zamlock of the Detroit Tigers for pitchers, Fred Payne, former Tiger and White Sox catcher, behind the bat, Wagner of the Kalamazoo South Michigan team, Bunny Fabrique and other leaguers.

Stephens' Otsego team defeated Grayling three times this season and when the final clash was arranged a pot was raised here to get Detroit players. Stephens' heard about this and wired Walter Johnson of Washington Americans offering him \$1,500 for one game following it with a guarantee of \$5,000 if he won over Grayling, but Johnson wouldn't come.

Grayling shut up shop and went to Gaylord en masse for the game as did most other towns within a hundred mile radius.

FIRST INNING.

Fabrique was the first up for the locals, and waited it out for a base on

Went to First on Four Balls.

balls. Bates struck out. Fabrique was thrown out by Bowerman at 2nd. Payne singled to right. Dubuc went out—Bell to Killian. One hit. No runs. No errors.

Otsego—McDonnell batted the ball to Fabrique and was thrown out at 1st. Gurney fanned. Prough doubled to right. Wright was retired unassisted by Johnson. One hit. No runs. No errors.

SECOND INNING.

Grayling—Wagner went out—Bell to Killian. Bramble dropped one in front of the base and was retired—Bowerman to Killian. Letzku struck out. No hits. No runs. No errors.

Otsego—Cocash fanned out. Bell fied out to Zamlock. Hadley walked. Bowerman out—Dubuc to Johnson. No hits; no runs; no errors.

THIRD INNING.

Grayling—Zamlock out—Bell to Killian. Johnson out—Gurney to Killian. Fabrique singled and tried to make it a double but fell short. 1 hit. No runs. No errors.

Otsego—Killian got to first when Fabrique let a grounder get past him. McDonnell fanned. Gurney went out—Dubuc to Johnson. Prough batted the ball to short center field. The ball was whirling and landed with short bounds, thereby fooling Letzku and

made his recovery slow. Killian scored. Wright went out—Payne to Johnson. 1 hit. 1 run. 1 error.

FOURTH INNING.

Grayling—Bates was thrown out at first by Bell. Payne batted the ball short on 1st base line and was thrown out by Bowerman. Dubuc fied to Prough. No hits. No runs. No errors.

Otsego—Cocash fanned. Bell fied to Dubuc. Hadley fied to Zamlock. No hits. No runs. No errors.

FIFTH INNING.

Grayling—Hadley muffed Wagner's grounder. Bramble fouled out to Bowerman. Letzku singled to right, advancing Wagner to 2nd, Zamlock forced Letzku at 2nd, Wagner going to third. Johnson went out—Hadley to Killian. One hit. No runs. 1 error.

Otsego—Bowerman fied to Letzku. Killian fied to Fabrique. Johnson retired McDonnell unassisted. No hits. No runs. No errors.

SIXTH INNING.

Grayling—Fabrique fied out to Killian. Bates went out—Gurney to Killian. Payne walked. Dubuc singled, advancing Payne to third. Wagner fied to right. 1 hit. No runs. No errors.

Otsego—Gurney fied to Wagner. Prough fanned out. Wright batted out a two bagger. Cocash fanned out. One hit. No runs. No errors.

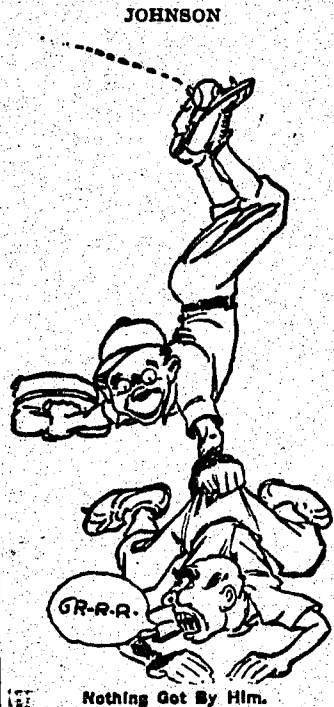

SEVENTH INNING.

Grayling—Bramble, Letzku and Zamlock struck out in order. No hits. No runs. No errors.

Otsego—Bell and Hadley fanned out. Bowerman went out—Wagner to Johnson. No hits. No runs. No errors.

EIGHTH INNING.

Johnson singled. Fabrique forced Johnson at 2nd. Fabrique stole second. Bates was thrown out at 1st, while Fabrique went to third and tried

Nothing Got By Him.

to go in but was caught at plate. One hit. No runs. No errors.

Otsego—Killian went out—Wagner to Johnson. McDonnell was thrown out at first by Dubuc, and Gurney was thrown out at 1st by Fabrique. No hits. No runs. No errors.

NINTH INNING.

Grayling—Payne fanned out. Dubuc was thrown out at 1st by Hadley and Wagner by Gurney. No hits. No runs. No errors.

School Notes.

Florence Neuenfell is absent this week.

Anna Walton is absent this week because of illness.

Mrs. A. H. Failing called on the first grade on Friday.

Miss Jacobs spent the week-end with friends in Gaylord.

Rev. and Mrs. V. J. Huston visited the first grade this week.

Mrs. Blugham and Mrs. Smith visited the fifth grade Tuesday.

Rev. D. Gillies was a caller in the high school room Tuesday morning.

Leo Schram has left school and will devote the most of his time to music.

Blanche Cripps visited the third grade for a little while one afternoon.

The third grade are interested in Indian life for language and history.

Mrs. J. E. Bradley substituted in the fourth grade Tuesday afternoon.

Three new pupils entered the second grade Monday making a total of 69.

The fifth grade are memorizing some October poems and songs this week.

The English Literature class is enjoying the study of some of Bacon's essays.

Violet Powell reproduced the story of "The Three Pigs" very nicely to the first grade.

Carric Loehos entered the third grade last week, Henry Banfield entered this week.

The third grade are learning Helen Hunt Jackson's, "October's Bright, Blue Weather."

Some very interesting stories were told by the members of the fifth grade Friday afternoon.

The rhetoric class is making an intensive study of the methods of paragraph development.

Mr. Ellsworth acted a carpenter last week and put some new black boards in the laboratory.

A score board in front of the room gives high school base ball fans the latest information concerning the World's Series.

Miss Augusta Kraus is assisting in the second grade room. Her services will be needed until the new school building is completed on the South side.

The English 1 class in the high school was interested one day last week in pioneer stories. One member of the class brought a quaint little doll that an Indian had given her great aunt.

The Seniors enjoyed a picnic at the Gaylord fair, Friday afternoon. Miss Jacobs could not "skip" school with them, but very much appreciated the beautiful souvenir spoon which the class brought her as a consolation.

The first number on the Senior class entertainment course will be given by the English Opera singers at the Temple theater, Monday evening, Oct. 20th. The class is worthy of your patronage and will appreciate the same. Reserved seats will be on sale at the Central Drug store at 9:00 o'clock.

Last Monday night one of the specimens of the lower forms of animal life literally covered one of the doors of the school building with tobacco juice. Doubtless this animal was a biped, wore bifurcated garments and called himself a man. But what a mistake in judgment! Manhood is composed of much finer qualities than hoodlumism and vandalism. The incident merely confirms an opinion we have held for some time, namely, that a young man who chews tobacco is quite liable to degrade himself by stooping to almost anything—no matter how low, no matter how mean, no matter how filthy.

To School Officers.

The annual school officers' meeting for Crawford county will be held in the court house at Grayling, on Thursday, October sixteenth, 9:30 a. m. Mr. Lasher of the department will conduct this meeting. It is important that you attend this meeting.

Yours very truly,
A. E. IRVING.

Notice to Crawford County Farmers.

If you have any cattle or hogs to sell please drop me a card and I will call and see them and get your prices as I would like to by all you have to sell.

Respt. yours,
P. J. MOOREHEAD, Grayling.

Come in and order your fall and winter suit and overcoat made by Rogers, Blake & Co., and you will be sure of a fine fitting suit and overcoat.
A. E. HENDERSON,
Merchant Tailor.

WESTY HOGAN'S TRAP SHOOT.

Draws Crowd of Marksmen to Seaside Resort.

Two hundred and eight trap shooters went to Atlantic City, N. J., this year to compete in the always popular Westy Hogan's Tournament. For the first time a Westy Hogan's Handicap event was scheduled—this to be the premier number of the week's program. L. W. Colquitt went over from East Orange, N. J., and made the maiden winning with 93 out of a possible 100 in the handicap and 17 out of a possible 20 in the shootoff, which he contested with Harry Eyre, a Pennsylvanian, who dropped one bird more than Mr. Colquitt in the deciding string. Charles Newcomb the noted Philadelphia amateur, won high amateur average for the meet, breaking 433 out of a possible 500, shooting Remington UMC shells as did the handicap contenders mentioned. In attendance, the "Westy's" exceeded the record of some of the minor Interstate Handicaps, this year, and set a high standard for next year's meet.

Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to person afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all medicine I have taken Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.

Inform Yourself About Your Eyes

Think, they work 15 hours every day and do so unassisted or maybe are handicapped by a pair of imperfect glasses. There is no middle ground in Spectacle wearing, you either have a pair of glasses that are perfectly right else they are wrong and injure your sight.

Don't Take Any Chances

Come in and talk it over with us; we can tell you whether you need glasses or not or whether your old ones are still the proper ones for you to wear.

A Store's

Reputation

no less than an individual constitutes

One of Its Greatest Assets.

This live store enjoys an enviable reputation for greater value giving. We're proud of it and you may rest assured that we will allow nothing to mar it in the minds of the ladies and gentlemen of our city.

This season we place our faith in our

Style Fit Suits and Overcoats

for men for

\$10 and \$15

We give you greater suits and overcoats you ever bought in Michigan before, and also please read our guarantee. We keep our clothes in repair and pressed free for six months. Just think.

Our Dry Goods and Dress Goods are new—no last year's goods on the shelves: everything brand-new this season.

Fine Underwear for Ladies, Men and Children. Shoes for Everybody.

If you want to save money trade with us and you will never feel sorry.

BRENNER'S CASH STORE

Not THE BIG DEAR STORE, but THE SMALL BARGAIN STORE.

REMINGTON-UMC PUMP GUN

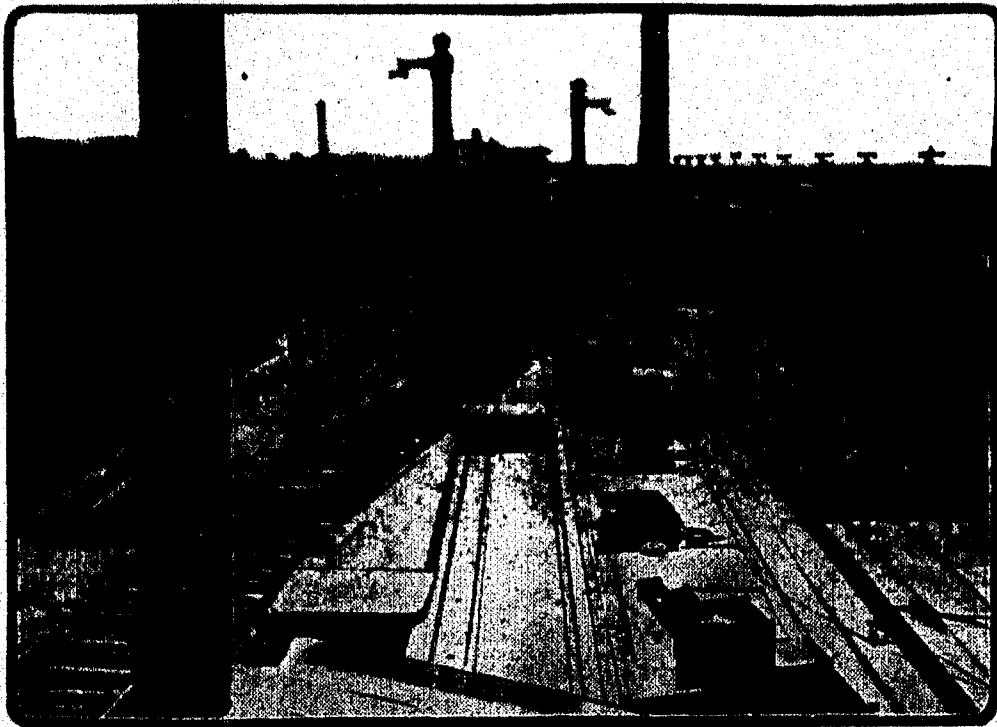

What's the use of a repeating gun that throws the shells, smoke and gas in the way of your aim? That's the question that started us working on the Remington-UMC Ejection Pump Gun—the only gun of its kind on the market, and used by thousands of gunners all over the country.

Solid Block, Hammerless. Perfectly Balanced. Three Inbuilt Safety Devices—accidental discharge impossible. Simple Take-Down—a quarter turn of the barrel, without lock.

Find the dealer who is offering the best value and compare. He will show you the Remington-UMC Ejection Pump Gun, and you will see why it is the only gun of its kind on the market.

Remington-UMC Arms Company, Inc., Springfield, Mass.

FINISHING TOUCHES ON THE GATUN LOCKS AT PANAMA

This is a splendid view of the upper Gatun locks, taken from the center wall and looking north along upper Gatun locks, showing the almost completed condition of this section of the Panama canal. The water of the canal may be seen on either side in the foreground, being held back by the gates. In the left background is the Gatun lighthouse. The unsightly tracks on the center structure will soon be removed, having been placed there only temporarily during the construction of the center wall.

WORK ON PANAMA CANAL NEAR END

Waters of Gatun Lake Turned Into the Culebra Cut.

BIG DIKE IS TO BE REMOVED

This Will Mark the Practical Completion of the Big Waterway After Nine Years of Labor by an Army of Men.

Golon, Panama, Oct. 1.—The Panama canal stands today virtually complete.

The preliminary steps toward the destruction of the Gamboa dike, which until the present time, has held the waters of Gatun lake out of the Culebra cut, were taken today when the dike was pierced by four great 26-inch pipes which pierce the dike and began flowing into the Culebra cut. Within a few days, it is expected, enough water will have flowed into the cut to form a cushion and prevent the damage that might be done if the dike were blown up and the waters allowed to rush into the empty cut.

The final destruction of the big dike is scheduled for October 10, when charges of dynamite placed in holes already drilled in the dike will be exploded. The explosion of these charges will not completely destroy the dike, but will weaken it and loosen the dirt so that the force of the waters from Gatun lake will carry it away. Steam shovels will remove the remnants of the dike, leaving an open passageway from ocean to ocean.

Canal Really Complete Now.

Although the canal will not be officially declared completed for some time, and the formal opening of the waterway to the commerce of the world more than a year distant, the canal engineers look upon the destruction of the Gamboa dike as marking the real completion of the canal. The big engineering feats have all been accomplished, the excavation work practically has been completed, and the great locks have been constructed. The work that remains to be done is largely detail, and is but child's play as compared with that which has been done. More dirt is to be removed from the channel, but this will be done with suction dredges floating upon the waters of the canal. There still remains some finishing touches to be placed upon the locks, but this work will take comparatively little time and presents no engineering difficulties such as have been encountered in the past.

The fact that the canal stands practically complete more than a year before the time originally set as the date for its completion is one of the remarkable features of the work. When Count de Lesseps, the great French engineer, abandoned his efforts to build the Panama canal after eight years of labor, he had scarcely made a beginning upon the gigantic task. In nine years, the American engineers, starting almost at the same point as de Lesseps, for the latter's work was of little value to the Americans, have virtually completed the undertaking. When the work was started the world scoffed at the idea that it would be completed within the time limit set, but hats are now off to the American army engineers who have more than kept their word, despite untoward difficulties that have beset them at every hand.

Goethals to Make Final Test.

The first vessel to pass through the canal probably will be a boat of the isthmian canal commission, Col. George W. Goethals, chairman of the commission and chief engineer of the canal, and his principal assistants.

Ceremonial Bath.

Considerable pomp used to attend the entrance into the water of the Duchess de Berri, who, close on a hundred years ago, first made sea bathing fashionable in France. When the duchess went bathing at Dieppe her arrival on the beach was hailed with a salvo of artillery. The holder of the now newly created post of "inspector des baignes" had to be there to receive her, attired in a resplendent uniform, cocked hat and white gloves. This functionary had her royal high-

ness into the sea until the water reached her knees, when she retired with three profound reverences. The duchess, who was an expert swimmer, then proceeded to enjoy herself.

Test Your Tea.

A remarkably simple method of testing the purity of tea for coloring matter is to use an ordinary table knife and a sheet of white paper, upon which a small quantity of the tea is

spread. The tea is then rubbed in with the knife. When the leaves have been reduced to a powder the paper is dusted clean with a brush made of common bristles and its surface examined with the naked eye or a microscope. If the tea is artificially colored little spots or streaks of vivid Prussian blue will appear in the fiber of the paper. These streaks are so distinct in their coloring that they cannot possibly be confused with any other stain that may be in the paper.

ed his task without the assistance of such men as Col. H. F. Hodges, Lieut. Col. David Du B. Ballard and Lieut. Col. William L. Sibert, army engineers, who have had charge of various phases of the work, but Col. Goethals is recognized as the real builder of the canal.

Under Colonel Goethals the greater part of the \$375,000,000 which the canal will have cost when it is completed has been spent. It has been by far the costliest engineering project in the world. Nearly three-fifths of a billion dollars has been spent in digging a 40-mile "ditch." This means that the Panama canal has cost the United States \$10,000,000 a mile.

Over \$15,000,000 of the total amount spent has been used to make the canal zone habitable and sanitary. It has been suggested that this is an enormous amount of money to spend in cleaning up a place in which few people will reside permanently, but the engineers say that the sanitation of the canal zone was the chief factor in making the canal a reality. The failure of the French has been attributed to a large extent to the fact that the workmen could not survive in the fever and pest-ridden country.

The building of the great locks which raise a vessel to a height of 87 feet above sea level at one end of the canal and lower it the same distance at the other end, has been in charge of two of Colonel Goethals' assistants, Colonel Hodges and Lieutenant Colonel Sibert. Colonel Hodges' work in installing the immense lock gates that form so important a part of the operating machinery of the canal, and his ability to overcome all obstacles had led Colonel Goethals to call him a genius. The building, painting and operation of the lock gates constitute one of the delicate problems of lock canal construction, and the proper handling of this problem has been Colonel Hodges' contribution to the work of construction of the canal.

Lieutenant Colonel Sibert has had charge of the building of the great dam and locks at Gatun, in addition to other duties. He saw long active service in the Philippines, and he is known in the army as a fighter as well as an engineer.

Realize Dream of Centuries.

Through the work of these men—all of them members of Uncle Sam's fighting body, the United States has been able to attain what has been in truth the dream of centuries. In nine years these men have carried through in the construction of the canal, Gatun lake is an artificial body of water covering about 184 square miles of territory and was created by the building of the immense Gatun dam and the impounding of the wild waters of Chagres river. Beneath the waters of Gatun lake lies what a few months ago was the valley of the Chagres, dotted with native villages and plantations. The channel of the canal passes through this lake for a distance of 24 miles with a width varying from 500 to 1,000 feet.

At the northern end of the lake is the Gatun dam, which is in reality an artificial ridge more than a mile and a half long. Figures alone give an adequate idea of the magnitude of this dam. Nearly half a mile wide at its base, about 400 feet wide at the water surface, and 100 feet wide at the top, the dike which many engineers predicted would never withstand the rush of the Chagres' waters, is admitted now to be so strong that nothing short of an earthquake such as has never been known in the Central American region can harm it. The Gatun dam, Gatun lake and the Culebra cut, so gigantic are the proportions of each, dwarf the other engineering works of the canal that in themselves have challenged the admiration of the world.

World Gives Goethals Credit.

To Col. George Goethals, chairman of the isthmian canal commission, chief engineer of the canal zone, the world will give the credit for the successful completion of the Panama canal. Col. Goethals could not have accomplished

his task without the assistance of such men as Col. H. F. Hodges, Lieut. Col. David Du B. Ballard and Lieut. Col. William L. Sibert, army engineers, who have had charge of various phases of the work, but Col. Goethals is recognized as the real builder of the canal.

Under Colonel Goethals the greater part of the \$375,000,000 which the canal will have cost when it is completed has been spent. It has been by far the costliest engineering project in the world. LETTER FROM THE STATE CAPITOL

SUPREME COURT HANDS DOWN RULINGS ON A NUMBER OF CASES.

ACCIDENT BOARD SAVES WORK FOR HIGH TRIBUNAL.

Superintendent of Public Instruction Wright Says That Text Book Law Will Save Eighty Thousand Per Year.

[By Gurd M. Hayes.]

Philip Koharski, of Detroit, who was convicted of murder in the second degree will be given a new trial as the supreme court reversed the decision of the Wayne circuit court and gave Koharski another opportunity to free himself of the charge. Koharski was charged with complicity in the death of Stanley Bartnitzki which took place on the night of July 3, 1912, near Willis avenue and Orleans street. The supreme court found reversible error in Judge Phelan's charge to the jury.

The Detroit United Railway company won a victory when the decision in the case of Harriet Colburn was affirmed. She was hit by a D. U. R. car in Detroit, but the Wayne circuit court decided that the accident was not due to negligence on the part of the company. William Wingert, of Detroit, who was hit by a D. U. R. car was not awarded any damages in the lower court, but the supreme court reserved the decision of the lower court and granted him a new trial.

The decision of the lower court was reserved and a new trial granted in the case of Joseph Bellaire of Houghton, vs. The Worcester Lumber company. Bellaire secured damages of \$1,057 against the company on the ground that his land had been damaged while the company was driving logs down the Sturgeon river. The case that has been pending in the courts of Ingham county for some time was returned to the circuit court when the case of Ellis Glassbrook against the Lansing Wheelbarrow company was reversed. Glassbrook sustained a serious injury to his right hand while working on a machine at the Wheelbarrow company's plant in 1909, and in the recent case before Judge Collingwood, was awarded \$9,500. An error in the judge's charge to the jury, coupled with an excessive verdict, are the reasons assigned by the supreme court for reversal.

The Order of Gleaners won a victory when the court reversed the decision of the St. Clair county court in the case against Larry O'Neill, administrator for the estate of John Breen, and refused to grant O'Neill a new trial. It appears from the records in the case that Breen permitted his policy for \$1,000 to lapse during the period when the society started an investigation as to his age, and that he did not avail himself of the opportunity presented by the society to a member of good standing.

The judgment against the city of Mt. Pleasant obtained in the circuit court by Michael Keenan, who was injured in a cavern while laying water mains for the city, was affirmed. William H. Burleson and the other directors of the Farmers' & Merchants' bank of Hanover, which closed in 1908, will have to pay Alfred Folks \$17,592.95 as the result of an opinion rendered by the supreme court, in which the judgment obtained by Folks in the circuit court of Jackson county was affirmed. In the proceedings against the directors of the defunct bank, Folks represented 100 other stockholders who assigned their claims to him.

"We think it sufficient to state that in our opinion the plaintiff's proof were ample to establish against the bank, and without error so far as it was concerned, an indebtedness amounting to the sum for which judgment was recovered," says the court.

Sustaining the decision of the circuit court of Kent county the supreme court awarded John Amanta of Grand Rapids damages to the amount of \$8,750 against the Michigan Central as the result of serious injuries sustained by Amanta when he was hit by a Michigan Central switch engine. This is one of the largest awards in a personal injury case that has been affirmed by the supreme court in some time.

At the request of Prosecuting Attorney William H. Andrews of Berrien county, the supreme court granted an injunction to prevent Rupert Auer from continuing in the retail liquor business at Niles. Prosecuting Attorney Andrews attempted to secure the injunction in the Berrien circuit, but failed. It appears that Auer took an oath May 1, 1912, when he was granted a saloon license, that he was a citizen of the United States, when in reality he was still a subject of Emperor William, of Germany. Auer had failed to take out his second naturalization papers, and upon complaint of certain citizens of Niles, who objected to Auer being in the saloon business, the prosecuting attorney took action to oust him.

A decision in favor of the Kalamazoo Lumber company was rendered in the personal injury case of John C. Welling. While working on a saw Welling sustained an injury to his right hand and was awarded a judgment in the circuit court. This decision was reversed and a new trial

To Tighten a Cane Seat.

When the cane seat of a chair sags, it may be tightened and made to look as good as new by scrubbing it with hot water and soap until the cane is wet thoroughly and then drying it in the hot sun.

Why Flowers Wilt.

Flowers wilt because of the collapse of the individual cells of which they are made up. They remain fresh as long as the pressure of fluid within and without the cells stays uniform.

Poor Pal.

"Willie!" said his father, crossly, "I never used to ask so many questions when I was young." "I'm awful sorry, papa," Willie thoughtfully replied, "because if you had maybe you'd be able to answer more of mine now."

Cast-Iron Law.

"There ought to be a law against aviation," said the humane citizen. "There is one," replied the cold-blooded man. "The law of gravitation is continually interfering with it."

granted. The D. U. R. lost a point when the supreme court reversed the decision of the Wayne circuit court in the case of Emily Lunde who was thrown to the pavement as she started to board a car. The woman brought suit against the company but was awarded no damages in the lower court. A new trial has been ordered.

Damages to the amount of \$1,200 against the village of Portland and the Citizens' Telephone company was affirmed. John Sykes, aged 18, was killed by coming in contact with a live wire which was hanging from a pole and the jury in the circuit held both the city and the telephone company liable. John Sykes, Sr., was awarded \$1,200 damages.

In one way at least, the workmen's compensation and employer's liability law has reduced the work of the supreme court, as there are comparatively few personal injury cases arising from accidents to employees. Some of the cases which are now being decided were started before the new law went into effect.

Superintendent of public instruction L. L. Wright says the new text book law passed at the last session of the legislature, which is known as the King bill, will in his opinion result in a saving to the people of the state approximately \$80,000 per year. "In estimating the saving in money to the people of the state of Michigan through the operation of the new text book law I am compelled to give estimates only," said Superintendent Wright. "I have not sufficiently exact information in the office to make an accurate statement."

"There were 535,137 school children enrolled in the public schools of Michigan last year. The amount of money spent for school books in that year approximated \$425,000. This has been about the average year. Many of the school books in Michigan are pupils buy book dealers who charge an average of twenty-five per cent over the wholesale price. The usual discount allowed by the publishers to the dealers was twenty per cent from the list price.

"Under the workings of the new law which prohibits the dealers from charging more than fifteen per cent of the wholesale price as scheduled in this office by the various publishing companies, boards of education are buying the books with district money, turning them over to the dealer to sell and giving him the profit. I estimate the average discount now allowed, from the list price at least by the larger companies, as twenty-five per cent.

"Under the new law books must be sold by publishers to Michigan people or dealers at the lowest wholesale price charged anywhere in the United States and if the district board buys the books with district money only ten per cent profit may be charged. I estimate that the discounts allowed by publishers to dealers and to districts is increased from twenty per cent off to twenty-five per cent off from the list price and that the percentage of profits charged by districts and dealers is reduced from twenty-five per cent average to ten per cent. I estimate a saving to the people of the state annually of \$80,000."

Although Secretary Drake of the Industrial accident board gave a verbal ruling several weeks ago to the effect that members of the Michigan National Guard are in reality state employees and as such are entitled to the protection afforded by the workmen's compensation and employer's liability law, Attorney General Fellows has rendered an opinion to the effect that the compensation law is not intended to protect members of the militia, but he points to another statute which enables the board of state auditors to compensate national guardsmen in case of injury.

The decision resulted from the death of Ora Green, the Lansing boy, who died as the result of injuries received in the copper country while on duty with Battery A, First Michigan Field Artillery. It was thought that Green's widow would receive compensation from the state and that the case would be acted upon by the industrial accident board.

However, inasmuch as the compensation act makes no mention of protecting the militiamen, Attorney General Fellows says that a law passed several years ago which authorizes the board of state auditors to compensate the widow out of the general fund of the state treasury. This section of the law provides that the auditors shall determine what shall constitute a just and reasonable settlement.

In Wisconsin the industrial accident board held that members of the National Guard were covered by the state compensation law, but Attorney General Fellows points out that if it had been the intent of the Michigan legislature to bring the National Guard under the provisions of the act some provision would have been made to take care of an extra ordinary liability which might result from a serious riot.

The mines of the state reported less fatal accidents during the month of September than ordinarily. Only two men were fatally injured in the mines of Michigan last month. One was an employee of a Saginaw coal mine and the other was employed in the iron mines of the upper peninsula. Electricity, which is usually responsible for numerous deaths, caused only three fatal accidents last month. For the first time since the inauguration of the compensation law the majority of men fatally injured were Americans, 15 of the 27 being native born.

Poor Pal.

"Willie!" said his father, crossly, "I never used to ask so many questions when I was young." "I'm awful sorry, papa," Willie thoughtfully replied, "because if you had maybe you'd be able to answer more of mine now."

Cast-Iron Law.

"There ought to be a law against aviation," said the humane citizen. "There is one," replied the cold-blooded man. "The law of gravitation is continually interfering with it."

YUAN SHI KAI IS CHINA'S CHOICE

RECEIVES NECESSARY VOTES IN PARLIAMENT FOR PRESIDENT.

FIRST ELECTION IN REPUBLIC SINCE FORMATION.

Successful Candidate is Fifty-four Years of Age and Has Been in Public Life for Many Years.

Peking, China.—Yuan Shi Kai was Monday elected president of the Chinese republic for a term of five years.

He received the necessary two-thirds vote of the united houses of parliament on the third ballot.

On the final ballot, Yuan Shi Kai received 507 votes, only one more than the necessary two-thirds. Li Yuan Heng, provisional vice president, received 179 votes. The other ballots were scattered among 20 minor candidates. The announcement of the result was received with enthusiasm. The proceedings lasted 12 hours.

In all parts of the country the greatest interest was manifested in the proceedings—the first presidential election in the history of the new republic. The new president will hold office for five years.

Yuan Shi Kai is 54 years old. He was born in the province of Ho-Nan in 1859. During most of his adult life he has been in official life. At the age of 23 he was sent with a Chinese detachment to Korea and three years afterward became Chinese imperial resident at Seoul. He remained there 12 years, until he was expelled during the Chinese-Japanese war. On his return to China, he occupied various provincial posts until 1902, when he became consulting minister to the government.

May Revise Party Rules.

Washington.—The republican national committee will meet in Washington Tuesday, December 16, to confer on party matters and to take any action which may be deemed advisable. The decision to call the national committee results from the repeated requests of republican leaders that an opportunity be given to revise the rules of the republican party. The principal changes demanded are in the basis of representation from the southern states at national conventions, and in the method of electing delegates from states that have primary laws covering that subject.

Another Quake at Panama.

Panama.—Another earthquake occurred on the isthmus at 5:06 o'clock Saturday afternoon. It was almost equal in intensity to the shock of Wednesday night, its duration being from 10 to 15 seconds.

The recording instruments indicated that the shock covered practically the same area of that of Wednesday night, the central point of the disturbance about 110 miles from Panama city.

Buildings were severely shaken, but apparently no damage was done beyond the falling of plaster and the opening of slight fissures in a few structures.

Reports from the canal zone officials indicate that neither the locks nor any part of the canal suffered in any degree whatever.

Imprisoned Miner Is Freed.

Centralla, Pa.—Thomas Toshesky, who was imprisoned in a drift in a coal mine by a sudden rush of ore eight days ago was rescued Saturday by the men who had been laboring night and day since he was imprisoned to achieve that object.

Toshesky fainted when the walls of his prison were burst open and it was at first thought that the joy of being free had proved too much after his ordeal. He soon recovered, however, and was removed to his home. The miner's hand is slightly tinged with gray as the result of his experience, but he is otherwise unharmed and physicians say he will be fully recovered in a few days.

Straus Named for Congress.

New York.—Oscar S. Straus, who was the progressive candidate for governor last year, was designated by the progressives as their candidate for congress from the twentieth district in the coming special election to fill the vacancy caused by the resignation of Francis Burton Harrison, the new governor general of the Philippines.

As a result of being hit over the eye with a stone which Frank Pontier, 15, had aimed at a dog, Laurence D. Reed, a five-year-old Brunswick boy, died in a Muskegon, from concussion of the brain.

Robert W. Knopman, of Flint, has been appointed clerk in the surveyor-general's office at Helena, Mont.

About 200 attended the campfire of the fifth district convention of the Women's Relief Corps, at Hastings. Officers were elected as follows: President, Mrs. Harmon, Holland; vice-presidents, Mrs. Daugherty, of South Haven; Mrs. Robinson, Kalamazoo; secretary, Mrs. Hiller, Holland; treasurer, Mrs. Herrick, Holland; chaplain, Mrs. Howler, Hastings. Holland was selected as the next meeting place.

The Michigan grand lodge of Masons has been asked to lay the cornerstone of the new Carnegie library which will be completed this month at Owosso.

Gov. Ferris has appointed the following delegates to represent Michigan at the thirtieth annual vocational art and industrial federation to be held at Hotel Sherman, Chicago, November 20, 21 and 22: Mrs. Davis Pierpont, Ironwood; Mrs. Joseph M. Frost, Muskegon; Miss Elizabeth Wrightman, Mt. Pleasant; Mrs. John Bush, Iron River.

MARKETS

Live Stock, Grain and General Farm Produce.

Live Stock.

DETROIT.—Cattle: Receipts, 1,657; canners steady; all other grades 25c lower; extra dry-fed steers and heifers, \$8; steers and heifers, 1,000 to 1,200, \$7.25@7.50; do 800 to 1,000, \$6.50@7; grass steers and heifers that are fat, 800 to 1,000, \$6.50@7; do 500 to 700, \$6@6.50; choice fat cows, \$8; good fat cows, \$5.25@5.50; common cows, \$4.50@5; canners, \$3.50@4.35; choice heavy bulls, \$5.50; fair to good bologna bulls, \$5.75@6; stock bulls, \$5@5.50; choice feeding steers, 800 to 1,000, \$6.85@7; fair feeding steers, 800 to 1,000, \$6.50@6.75; choice stockers, 500 to 700, \$6.50@6.75; fair stockers, 500 to 700, \$6.75@6.25; stock heifers, \$5@5.75; milkers, large, young, medium age, \$6@6.90; common milkers, \$4@5.50.

Veal calves: Receipts, 239; good grades 50c@1 and heavy \$1@1.50 lower; best, \$1.07@1.15; heavy, \$5@6; others, \$7@9.50.

Sheep and lambs: Receipts, 1,462; lambs slow, sheep steady at last week's prices; best lambs, \$6.75@7; fair to good lambs, \$6.25@6.50; light to common lambs, \$5@6; fair to good sheep, \$3.75@4.25; culls and common, \$2.75@3.25.

Hogs: Receipts, 1,452; market steady to 5c lower; light to good butchers, \$8.60@8.90; pigs, \$7@8; light Yorkers, \$8.50@8.90; heavy, \$8.25@8.75.

East Buffalo Markets.

EAST BUFFALO.—Cattle.—Receipts, 230 cars; market steady; best 1,350 to 1,500-lb steers, \$8.50@8.75; best 1,200 to 1,300-lb steers, \$8.25@8.50; best 1,100 to 1,200-lb steers, \$8.25@8.50; coarse and plain weighty steers, \$7.25@7.50; choice handy steers, 1,000 to 1,100 lbs, \$8@8.35; fair to good steers, 1,000 to 1,100 lbs, \$7.75@7.85; grassy, 800 to 1,000-lb steers, \$6.75@7.25; best cows, 800 to 1,000-lb steers, \$6.75@7.25; best cows, \$6.50@6.75; butcher cows, \$4.25@6.25; cullers, \$4.75; trimmers, \$3.75@4.75; best heifers, \$7.50@8; medium butcher heifers, \$6.25@7; stock heifers, \$5@5.25; best feeding steers, \$7.50@8; fair to good steers, \$6.25@6.75; common light stockers, \$5.50@6; best butcher bulls, \$6.75@7.25; best bologna bulls, \$5.50@6; stock bulls, \$5@5.50; best milkers and springers, \$7@8; common to good, \$5@6.

Hogs: Receipts, 120 cars; market 10c@15c lower; heavy mediums and Yorkers, \$9; pigs, \$7@7.50; roughs, \$7.75@8.25; stags, \$7@7.50.

Sheep and lambs: Receipts, 80 cars; market strong; top lambs, \$7.70@7.80; culls to fair, \$6@6.50; yearlings, \$5.50@6.25; wethers, \$5@5.25; ewes, \$4.50@5.00.

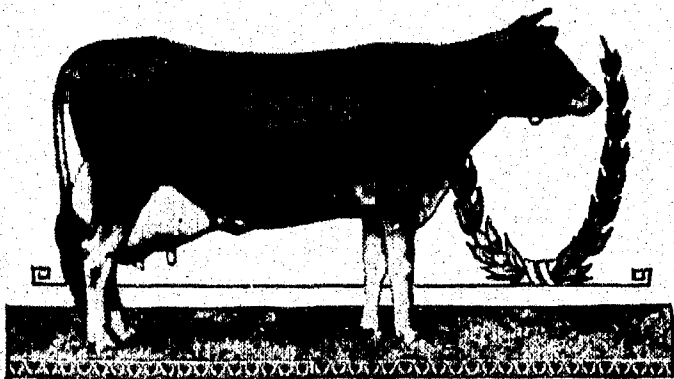

Calves slow: tops, \$11@12; fair to good, \$10@11; heavy, \$5.50@8.

Grains, Etc.

DETROIT.—Wheat.—Cash No. 2 red, 94c; December opened with a drop of 1/2c at 93 1/2c, declined to 93c and closed at 93 3/4c; May opened at \$1, declined to 99 1/2c and closed at \$1; No. 1 white, 94c.

Corn.—Cash No. 3, 73c asked; No. 2 yellow, 74c asked; No. 3 yellow, 78 1/2c asked.

DAIRYMAN SHOULD KEEP MONEY MAKERS

Eminent's Bess, a Jersey Cow, With the Best Record for Milking.

(By N. M. KENT)

The man who has made two blades of grass grow where but one grew before has been looked upon as a public benefactor. But the man who has succeeded in producing one blade at less cost has worked out a more complex problem.

Increased production does not always bring an increased profit. Increased profits from the dairy business must, in a measure, come from more economical production.

To reduce the cost of production we must have cows that by their breeding and individuality are adapted to our needs. For the butter and cream producing dairy, the Jersey and Guernsey cows have a certain advantage because of the character of their milk, which contains a higher percentage of butter fat.

The Holstein and Ayrshire cows are compelled to elaborate more solids to produce the same amount of fat. This is a breed characteristic.

On the other hand the Holstein and Ayrshire cows can produce milk solids more economically and are better fitted for the production of cheese and market milk.

Within the dairy breeds we find a greater difference between individual cows than between the breeds. We are keeping too many cows. We do not know what they produce nor how much they eat. Some pay a profit and some are eating up the profits made by the others. It takes the profits from the good cows to balance the loss from the poor cows.

The first step toward reducing the cost of production is weighing and testing the milk from each cow in the herd often enough to keep a good line on what she is producing.

Weighing the milk for one day

each week and testing it once each month will give practically the same results as weighing and testing each milking.

By taking these weekly and monthly records and making a yearly average it is easy to determine how much milk and butter each cow has produced for the year.

This is but one-half the question. Some cows are fairly large producers but not economical producers. Others may produce less milk or butter yet be more economical producers.

A light feeder may digest her food perfectly and be an economical producer. We should keep a record of each cow's feed one day each week and its market value, in connection with the weighing and testing of the milk.

This will show what a pound of milk or butter costs from each cow in the herd.

Sell the cows that produce butter for twenty-five cents a pound and keep all that produce a pound for fifteen cents. The scales, the Babcock test and pencil and paper will assist in weeding out the unprofitable cows from the herd.

The illustration shows Eminent's Bess, a Jersey owned by the Roycroft farm, Sldaw, Mich. Her record under the supervision of the Michigan Agricultural college shows a production of 18,783 pounds of milk, testing 1.32 pounds, 9 ounces of butter.

The achievement of Eminent's Bess exceeds the record of Jacoba Irene, heretofore the world's champion of the Jersey breed, by 1,525 pounds of milk and at the same time exceeds the record of Spotswood Daisy Pearl, the world's champion Guernsey cow, by 179 pounds of milk.

LEARN THINGS BY FEW HARD KNOCKS

Better Crop One Gets for Plowing Little Deeper Pays Well for Crop of Wheat.

(By L. M. BENNINGTON)

Some cows just about stop giving milk at this season of the year. These are the cows you and I do not want. Sell them off and get cows that will hold out to the end of the season.

Plow a little deeper for wheat than you did for corn. The earth may be drier now than it was in the spring, so that you will need a stronger team on the beam, but the better crop you get for plowing deep will well pay for the extra labor.

It is a mistake to put off fitting the wheat ground till the last minute. Have it all ready when the time comes for seeding. The sense of being hurried and driven beyond one's strength is what makes it hard to keep up with farm work.

It is a good plan to go through the corn fields now and cut all stalks that seem to be infected by smut. Take these stalks away and burn them.

Keep every burdock or yellow dock plant from going to seed. Dig them out early. By cutting wild carrot once or twice after having one may kill the weeds. Good job done, too.

The time to begin feeding milch cows green fodder is before they drop off in their yield. Afterward may be too late. It is very hard work to get a cow back when she has once begun to shrink in her milk. Very seldom that we can do it.

Give hogs and pigs some green pasture during the summer. In this manner the corn fed them will go twice as far, or it brings twice the same returns. If there is no regular pasture for them, fence in some odd corner that cannot be used for cultivation. The tree, green range will keep them healthy and growing.

Rapids makes splendid hog pasture and it may be sown at any time during spring and summer. It may be sown with oats for pasture after oat harvest, or with corn at the last cultivation for fall pasture after the corn is cut for fodder.

Charcoal From Cobs.

Charcoal is a health promoter for the fowls. If you will put some ears of corn in a hot oven and let them burn quite black and feed when the grain gets cold enough you will perhaps be astonished to see how greedily the poultry will partake of the charred corn. Give such a feed every two weeks.

Feed a Variety.

It is better to feed a variety than to feed heavily on one kind of grain. Ground corn, oats, wheat, bran and flax or cottonseed should give good results.

Rattle in Throat.

A mixture made of one part spirit of turpentine with four parts sweet oil, is recommended for rattling in the throat. Administer ten drops daily.

Preventing Cracked Heels.

Keep the mud cleaned off the horses' legs, and they will not have cracked heels.

Good Cow Feed.

A peck of milled corn is a good feed for the cow right after calving.

PRACTICAL HINTS FOR AUTUMN WORK

All Machinery and Implements Should Be Placed Under Cover for Winter.

If you must buy feed for the cows, better do it now or contract for it. Cheaper than later.

Put every blessed machine and tool on the place under the shed.

Then paint them.

Feed all the wormy apples to the stock—but don't have any next year.

Cover the calves humping if they are intended for baby beef.

The hogs will drink as much clean water this month as last—if they can get it.

Give the young chickens the run of the place.

Ground plowed for wheat? Do it now.

Pretty late to cut old blackberry and raspberry canes, but cut them.

Burn the potato vines and all trash in the fields to prevent rot.

Keep after the insects on the late cabbage plants. Plenty of powder.

Good time to halter-break the colts.

If your poultry house has a dirt floor dig it up and scoop out six inches deep to make room for fresh soil.

This is a good month for caponizing.

Hens set early this month will hatch chickens that will bring big money at Christmas.

Burn every smut ball you can find on the corn stalks.

Keep your eye out for the choice ears of corn for seed.

A nasty job is raking up and burning cockle-burrs, but it must be done this month.

Get the barrels or boxes ready for the apples next month.

Cover the strawberries the latter part of the month.

Give the cow barn a coat of whitewash inside. Ditto the poultry house.

Lawn rather poorly? This is the month to sow seed and again in March.

The "windfall" apples are "bug-fall," and must be quickly disposed of.—C. M. S.

Mange in Horses.

Mange in horses is much more difficult to treat than scab in sheep or common mange in cattle. Prevention of infection with the disease is safer and more satisfactory. There is no best all-around treatment, even for lice on stock. The class of stock, physical condition of the animals and seasonal of the year determine the kind of treatment most advisable.

Feed for Dairy Herd.

No complicated system of forage crops is needed to supply the dairy herd with succulent feeds on the modern stock farm where corn, clover and alfalfa thrive.

Building Up the Farm.

One of the surest and best ways to build up a run-out farm is to keep a good herd of cows and to put every pound of manure back on the land.

Match Is Not All.

It is easier to hatch chickens than to raise them, but both are easy if you go at it right.

Successful Dairyman.

The dairyman who is most successful applies ordinary business principles to his work.

MAN CONFESSES TO MANY MURDERS

SLAYER OF TANGO TEACHER IN STATEMENT CLAIMS TO HAVE KILLED SCORE.

STORY IS NOT BELIEVED TO BE WHOLLY TRUE.

Criminal Does Not Know Real Name and Has Spent Nearly Half of His Life in Prisons and Jails.

Chicago—Henry Spencer, a criminal who has spent more than half of his life of 32 years in prison on charges of wholesale robberies, when arrested as the slayer of Mrs. Mildred Allison-Roxroat, a Chicago tango teacher, confesses he has killed 20 to 25 persons.

One of his victims, he says, was a former wife, whom he killed at Walkerville, Ont. He says he burned the body and clothes.

Spencer says he does not know his real name. He spent his childhood in an orphanage.

Spencer used a hammer in more than half of his crimes, because "the hammer didn't make any noise," he explained.

Mrs. Roxroat's suitcase was found in Spencer's room and when he found that the evidence against him as the slayer of the dancing teacher was conclusive, he unfolded his story of death to the detective chief of the Chicago police force. The police records in 15 cases corroborate the statements Spencer made.

It is believed, however, that his statement that he is the murderer in each case is for the most part the result of an imagination diseased from opium smoking.

Will Abolish Commerce Court

Washington—Abolition of the commerce court and legislation of its five judges out of existence was approved by a sub-committee of the senate appropriations committee, considering the urgent deficiency bill. The report of the sub-committee carries with it the assured support of the full appropriations committee, and practically seals the doom of the commerce court. Judge Mack, of the commerce court, was assigned by Chief Justice White to the United States district court of appeals at Chicago, because of congestion of litigation there. The assignment is for the months of October, November and December.

Baldwin To Run for Senate

Hartford—Gov. Simeon E. Baldwin, who, before his election, engaged in a vigorous controversy with Col. Roosevelt, at one time threatening a libel suit because Roosevelt declared he favored the "interests," has announced his candidacy for the United States senate, to succeed Frank B. Brandegee, republican, whose term will expire in 1915. His friends regard the governor as the strongest candidate the democrats could nominate, and declare that his record as the state's executive would insure his election.

Alleged Dynamiter Is Arrested.

New York—George E. Davis, alias George O'Donnell, was arrested by a United States marshal here on a charge of blowing up with dynamite a New Haven railroad bridge at Mt. Vernon, N. Y., in September, 1911. Davis is also charged with having conspired with the McNamara brothers, Frank M. Ryan, and other officials of the International Bridge and Structural Iron Workers' Union to wreck the Mt. Vernon and other bridges. The marshal asserts that Davis has confessed.

Almost every school in Wexford county is closed for a two weeks' vacation to permit the students to help harvest the potato crop. School opened in August, so the students will lose no time.

The state board of barbers' examiners met in Jackson and reorganized for the year, electing G. A. Brown, of Owosso, president; Harry H. Rapp, Sault Ste. Marie, treasurer, and Wm. Brand, Jackson, secretary. The board will meet in Detroit November 1 for general inspection.

Robert Udy, 19 years old, a freshman at the University of Michigan, died at University hospital from blood poisoning. He came to Ann Arbor about 10 days ago from Bluefields, Va. A pimple on his face developed blood poisoning after he was shaved by a barber there.

Announcement was made at Saginaw that the Pere Marquette has bought four Mikado locomotives, costing \$25,000 each, for service this fall. They are en route from Schenectady, N. Y., and are 11 per cent more powerful than any in use.

The state railroad committee has authorized the Minden City Telephone Co. to increase its capital stock from \$3,000 to \$10,000.

The Port Huron chapter of the Daughters of the American Revolution have for years been putting money aside to erect a memorial on the site of old Fort Gratiot. Not until recently did they discover that the exact location of the old fort is in the yards of the Grand Trunk locomotive shops. Extensive plans are being made to celebrate the one hundredth anniversary of the founding of the fort.

Students will find it difficult to procure drinks in Ann Arbor saloons. Chief of Police Kinney has notified saloonkeepers that the law forbidding selling to students will be enforced.

A. J. Daugherty, of Ohio, a member of the public domain commission, was appointed to represent the state and the commission at the Dry Farming congress, to be held in Oklahoma soon.

State Forester Marcus Schaff and Secretary Carter were appointed as representatives to the National Conservation congress, to be held in Washington next month.

CHINA'S PRESIDENT ELECT

Yuan Shi Kai, successful candidate at Monday's election in Chinese parliament.

VILLAGE IS OFFERED TO STATE

Marlborough in Lake County Can Be Secured for Epileptic Colony for \$55,000.00.

Lansing, Mich.—Fourteen hundred acres of land, a hotel all furnished that will care for 42 guests, an opera house, dozens of small buildings, including more than 40 cottages suitable to live in, a horse and cow, 49 chickens and farm tools and many other articles are offered the state for \$55,000 for a farm colony for epileptics, at Marlborough, Lake county. The selection of a site has been postponed pending an investigation of this property.

The site is what remains of what was once a \$5,000,000 cement plant. Capitalists erected the plant there a number of years ago, but were forced by competition to abandon it.

May Act Against Jerome.

Concord, N. H.—An attempt is on foot to disbar W. T. Jerome. It is backed by prominent New York lawyers and is based upon Jerome's statement to Gov. Feltner that an indictment had been found against Harry Thaw when no such indictment had been found.

G. B. Biddiner, chief of the criminal bureau of the Burns' detective agency in New York and the man who kidnapped the McNamara brothers, is in charge of the case.

New Hampshire feeling is intensely hostile to Jerome. Ex-Gov. Quinby went so far as to say:

"I believe Jerome should be forced to offer Gov. Feltner an explanation and an apology."

President Wants Anti-Fraud Bill.

Washington—A comprehensive anti-fraud bill, based on the British fraud laws and similar to the pure food and drugs act, through extending to all products entering interstate commerce, is being prepared by Rep. William C. Adamson, of Georgia, chairman of the house committee on interstate and foreign commerce. The measure will have the majority party's support, for it is on President Wilson's wishes that Judge Adamson is preparing his bill.

Underwood After Senatorial Toss.

Washington—Democratic House Leader Oscar W. Underwood, father of the tariff bill signed by President Wilson, formally announced his candidacy for the United States senate to succeed the late Senator Joseph P. Johnston, of Alabama, for the long term beginning 1915.

There is no intention on Mr. Underwood's part to resign from the house during his present term.

Eighteen Seamen Are Drowned.

Yarmouth—Eighteen seamen of the crew of the British steamer Gardania were drowned when that vessel foundered after a collision in a fog with the British steamer Cornwall. Four others of the Gardania's crew were picked up alive. The collision occurred in the North sea off this port.

Injuries received by Foma Yurenka, while helping to unload a boat at Port Huron & Duluth Steamship Co., proved fatal. He died at the Port Huron hospital.

The first international conference for the betterment of the race will be held in Battle Creek in January, 1914. To combat decrease in the birth rate and to provide for the betterment of the race will be the object of the conference.

Unable to find any clues in Grand Rapids which might assist in locating the murderers of Edward Smith, J. N. Thompson and Paul Townsend, Chas. E. Veath, superintendent of a Chicago detective bureau, have returned to Chicago. C. O. O'Brien, another member of the agency, left the city several days ago.

James Wolcott, 50, of Ann Arbor, plasterer, was struck and killed by a train at the Jackson street overhead bridge at Jackson. Wolcott stepped on the westbound track out of the way of a westbound train and in front of the eastbound train.

Claude Gerow, 31 years old, and about to be married, was found dead by the switchboard in the Saginaw Bay City railway barns at Saginaw. He was in charge of the board that transformed the current from the Ausable, and his body was badly burned.

Hyron B. Hicks, of Durand, former prosecuting attorney of Shiawassee county, and counsel for the Grand Trunk railway, announced that he will give up the practice of law to become assistant cashier of the Shiawassee State bank at Durand.

Because he could not legally hold the office of mayor and county poor commissioner at the same time, Chas. D. Fowler has tendered his resignation of mayor of Eaton Rapids. His resignation was accepted by the council. M. D. Crawford, president of the council, becomes acting mayor.

MICHIGAN BREVITIES

Ithaca.—William O'Connell, the Perinton man injured in an auto smash-up here, is dead.

Pontiac.—More than \$300 was collected in the municipal court as fines from persons arrested in this county for Sunday hunting.

Battle Creek.—A west-bound fast freight on the Grand Trunk was derailed at Climax, ten miles southwest of this city. Twelve cars left the track, but no serious damage was done.

Ypsilanti.—Following a meeting of the Normal Women's and Pan-Hellenic councils, it was announced that the Normal college would bar extreme dances, such as the tango and the bunny lug.

Traverse City.—The body of J. P. Prudden, thirty-eight years old, of Stanton, who wandered away from the Traverse City State hospital last week, was found in an orchard, west of Traverse City. He had hanged himself with his suspenders, which afterward broke under his weight.

St. Joseph.—That a dying woman's last request might be complied with, an unusual proceeding took place in Royalton township at the funeral of Mrs. John Dahring. Following the funeral services the dead woman's six-week-old child was christened, the christening being performed at the side of the casket, the same pastor officiating.

Ann Arbor.—"You are nothing but a thief anyway. You stole my pick, you sent a man to steal my pick." For each of the 19 words in the foregoing sentence Maurice Nash asks that William Morrison, whom he says uttered these words at Dexter, February 14, 1912, be made to pay \$250. Nash asks \$5,000 bail for his aggravated honor.

Lansing.—At a meeting of the epileptic farm colony in the executive office a proposition was submitted to have the board purchase 1,400 acres of land at Marlboro, Lake county, for the epileptic farm colony. There are a number of buildings, including a hotel, on the property, which is the location of an abandoned cement plant. The commission will investigate this site.

Pontiac.—The Baptist home and foreign mission society, the Baptist ministers conference and the state Baptists meeting will be held here October 21-23. Dr. J. H. Franklin of Boston, Dr. Guy C. Lamson of Philadelphia, President Stetson of Kalamazoo college and Professor Mauck of Hillsdale college will speak.

Calumet.—Twenty Lansing artillerymen, under Lieutenant Ashley, clashed at the Wolverine mine with several hundred strikers who, it is said, sought vengeance as the result of the accidental injury of the three-year-old daughter of a striker by one of the troopers. Twenty-five strikers were taken in custody. General Abbey strengthened the military force in the Keweenaw district. There are now 75 mounted men in Keweenaw.

Kalamazoo.—Catholic army veterans who die penniless in Kalamazoo will be given a burial just as good as the one who dies amid plenty. The directors of St. Augustine's church have decided to lay out a plot in the Catholic cemetery here and give to any veteran who may die without means a funeral fitting a man who has served his country. The church will bear the entire cost of burial.

Kalamazoo.—Miss Katherine Ellett, a local college student, and Gail Denmore of Mason eloped and were married. Miss Ellett left the local school, stating that she was going to enter Alma college. Her friends received word of her marriage to Mr. Denmore. Miss Ellett is a daughter of the Presbyterian minister in Mason. Mr. Denmore is a student of the University of Michigan. Both are eighteen years old.

Bay City.—The grand jury convened its investigation of saloon deals in Essexville, Kalamazoo and Pinckney villages, where the liquor laws are alleged to have been lightly regarded. A rumor regarding an alleged murder at Pinckney three years ago was also probed. Stories of suspicious circumstances surrounding the death of a business man were sifted, but came to nothing. The jurors concluded that proof of death from natural causes was established.

Kalamazoo.—Governor Ferris signed a pardon for the release of John Sandra, who was sentenced from Grand Rapids, July 26, to serve from one to two years in jail for carrying concealed weapons. This action was taken after an investigation by Governor Ferris, and Judge Stuart of Grand Rapids. Sandra was convicted solely upon the testimony of his wife who declared that he came home and threatened to cut her up with a razor.

After the death of Sandra's wife a few weeks later it developed that she was of unsound mind and that she often labored under the delusion that her husband was chasing her with a razor.

Kalamazoo.—There is going to be a same Christmas in Kalamazoo. If the plans of the Child's Welfare league are carried out. At a meeting held by the league it was decided to start a city-wide campaign in an effort to induce parents to buy only useful presents for children at Christmas time.

Lansing.—Charles Cunningham of Detroit received his certificate of appointment as a member of the state railroad commission to succeed James Scully and immediately was sworn in and began work as a member of the commission.

Battle Creek.—Relatives of Louis Wesley, whose body arrived here from Omaha, Neb., are wondering whether he was shot or took his own life. The death certificate says homicide in one place and suicide in another. There is a bullet hole in his cheek and another through his heart. He went west a short time ago in search of work. He left his wife here, intending to send for her.

Traverse City.—Theron B. Morgan, manager of the Morgan orchard, shipped a box of the choicest Wolf river apples as a gift to President Wilson.

Search Me!

By REV. PAUL E. ZARTMANN, D.D.
Secretary of Extension Department
Meady Bible Institute, Chicago

TEXT—Search me, O God, and know my heart; try me, and know my thoughts; and see if there be any wicked way in me, and lead me in the way everlasting. Psalm 123:2-4.

There is a way of life that transcends all others, more delightful as we go on in it, and more blessed at the end—it is the way everlasting. Here the Psalmist prays that he may be led in such a way, and that such heart-searching will take place that he may not miss that way.

The Christian will pray this prayer, should pray it daily; for, conscious of his fellowship with God, he would have it proven and would have taken from him everything hindering such fellowship. But the sinner will pray this prayer, he must pray it. In his case, consciousness of God as revealed here leads to terror because of sin and desire for forgiveness, acceptance and cleansing. The Christian sees how far short he is of the glory of God and his cry is that nothing may interfere with complete conformity, and for this he needs faith, justifying and sanctifying. In addition, the sinner needs saving faith before he finds his feet in the first steps of the way everlasting. Note the steps by which the sinner comes to this cry—Search me.

Divine Omnipotence. God knows me, and knows all about me (vs. 1-4). Every movement, every thought, every word, every way—all known to the God with whom I have to do. He knows me thoroughly, and as if he had examined me minutely. "He knows all men, he knows all men thoroughly, he knows all men constantly." This solemn truth may awaken wonder and admiration in the Christian, it may be a great comfort to him and an assurance of guidance and well-being; but to the sinner it is a solemn warning and a call to repentance and faith. The truth of this part of the Psalm has a beautiful parallel in the epistle to the Romans: "For of him, and through him, and to him, are all things." God knows my down-sitting and my uprising, he compasses my path, he has beset me behind and before, he is acquainted with all my ways. What can a sinner do in the presence of such a God but to say: Search me, . . . try me . . . lead me? And God will answer his cry.

There emerges another reason for the sinner's cry: he cannot get away from this God (vs. 7-12). God is everywhere, not a mere power ruling in might and by laws really outside himself, but a personality distinct, separate, superior, and seeing all I do. "Thou God seest me." This everywhere-ness of God makes it a dreadful, an awful, thing to sin. "Whether shall I go from thy spirit? or whether shall I flee from thy presence? Thou into heaven, in hell . . . the uttermost parts of the sea . . . the darkness shall cover me . . . the darkness and the light are both alike to thee." What can I hide from him, or where can I sin that he will not see me? Yes, but this very God who knows all about us and who sees all we do, who dwells in the uttermost parts of the earth also can save to the uttermost. Thank God, he still forgives. Search me . . . try me . . . lead me.

I know not where His islands lift
Their fringed palms in air;
I only know I cannot drift
Beyond His love and care.

Once more the Psalmist sets forth a reason for his cry for searching—God is associated so intimately with his entire life, even before he himself has any consciousness. "Thine eyes did see my substance, yet being imperfect; and in thy book all my members were written, which in continuance were fashioned, when as yet there was none of them." "I am fearfully and wonderfully made." Man is a creature according to God's design, living under God's inspection and by God's power. How worse than folly not to yield ourselves to him.

Come, let us take our proper place as sinners, in the presence of a God who knows all about us, who sees all we do everywhere and always, and who has infinite care and concern about us. Such a God should fill us with awe that we sin not; we can take courage so that fear will not possess us; and we can be filled with comfort and strength; even coming to a place of perfect sympathy with all that God does, and doing all we can to establish righteousness in the earth.

Search me . . . try me . . . lead me. This prayer is natural now. If you have never made it there is only one reason: you never have seen God in his holiness, power and might. When God searches he may find in you some way of wickedness—unforgotten sin, some unyielded room, some unloving spirit, some selfishness—but if you really will to have it so, God will lead you in the way everlasting, a way that shineth more and more unto the perfect day. So, couple with this prayer, that other petition, "Create in me a clean heart, O God, and renew a right spirit within me." Let your vital concerns be, is my heart right with God? for with him that is the supreme thing. Put your prayer into the words of that heart-song:

Oh, for a heart to praise my God,
Heart from the rest set free,
A heart that's sprinkled with Thy blood,
So freely shed for me.

A heart in every thought renewed,
And full of love divine,
Perfect, and right, and pure, and good,
A heart, Lord, of Thine.

The public is never so happy as when it is being sentimental.—R. S. Hilsman.

Electrical machinery to keep targets in a rifle gallery in motion has been designed by an Australian.

For the treatment of colds, sore throat, etc., Dean's Mentholated Cough Drops give sure relief—3c at all good Druggists.

A Hint.

"My wife is very good at housekeeping." "Then be careful how you put it in her name."

Additional Local News

Mrs. Henry Stephens of Waters is a guest at the home of Rev. Fr. Riese.

Michael W. Gibbons has been appointed postmaster of Roscommon to succeed J. Burt Kieley.

Major M. J. Phillips, of Owosso, was calling on friends and visiting relatives in the city last Friday. Also Quartermaster General Rogers, of Calumet was in the city the same day.

Kelley & Brennan company have been playing to full houses at the Temple theatre this week. The attraction tonight and the remainder of the week will be the "Bachelor Maids."

Lost—Pocket book Monday evening, containing sum of money. Made of buck skin and was drawn together with string. Finder will receive reward by returning same to Sheriff Benedict or this office.

A large number from here attended the ball game at Cheboygan on Sunday last to see the fight between the Otsego and Cheboygan. The game resulted in a score of three to nothing in favor of the Otsego players. Dubuc, of the Detroit Tigers, pitched for the Otsego; Willis also of the Tigers and a team mate of Dubuc pitched for the Cheboygan.

Miss Beatie Failing is home from Mt. Pleasant normal for a visit with her parents at Beaver Creek and friends here.

Mrs. J. B. Woodburn returned yesterday from Eaton Rapids, where she was called a couple of weeks ago on account of the serious illness of her brother.

"Dago" Laurent, of the Studebaker team, of Detroit, played with the Cheboygan team against the Otsego, Sunday. They say that he was "right there with the goods." He played at "short."

Come in and order your fall and winter suit and overcoat made by Rogers, Blake & Co., and you will be sure of a fine fitting suit and overcoat. A. E. HENDRICKSON, Merchant Tailor.

"The Times of the Gentiles" is the theme at the Presbyterian church on Sunday morning, and "The Vision at the Valley of Death," is the evening topic. Miss Beulah Dingman is leader for the Young People's meeting at 6:30. REV. DAVID GILLIES, Pastor.

Malcolm McPherson who was awaiting trial in the county jail on a charge of criminal indecency, committed suicide Monday morning, by cutting his throat from ear to ear. He had been shaving himself and did the cutting with a razor. He formerly worked at Sigbee where the body was taken for burial.

A guy rope broke at the Salling, Hanson Co. planning mill Saturday when men were putting up a new smoke stack. It let the stack fall and strike Robert Richardson so as to fracture his left thigh, near the hip, and both bones of his left leg, just above the ankle. He was taken to Mercy hospital where he is getting along nicely. Mr. R. Hanson was present at the time of the accident and only a few seconds before the stack fell stood in the very spot where it landed.

The story now running serially in the Avalanche will be finished this week and we have obtained an excellent piece of fiction to follow it. "The Flying Man" is the name of the new story and it will prove a treat to our readers. It is written by Harry Irving Green and is the best piece of work he has yet produced. It is a wonderfully fantastic and delightfully impossible. It deals with the visits of a hideous man with bat-like wings from another planet to the earth. Watch for the first installment and read this story. A good installment each week.

Ed. Clark, of Boyne City, being in the city last Friday, the old band boys were called together and went in a body to Gaylord and furnished music during the Grayling-Otsego ball game. Mr. Clark has been directing the band at Boyne City for the past year but has resigned his position there and is considering several offers from other towns to take the management of their band. He has been offered our local band and says that he likes Grayling all right but that he has been offered some flattering inducements from Flint, Mt. Pleasant and other towns and that he is going to think the matter over.

Peter Jorgenson says that he don't want out of town people to think that he isn't still here running his livery. He says that he has had the best season this year that he has ever had and that he has made many good improvements in his livery. He has added an office and comfortable waiting room, new carriages, horses and equipment. He just finished putting a new roof on his barn. His cat has had some new kittens, the hens are still laying, and he is expecting to have a new milch cow soon. There! that don't look as if he had been asleep on the job this summer. Congratulations from out of town friends should be addressed to Grayling, Mich.

Manager Holger Hanson and the local base ball team are in receipt of an imitation floral wreath, made from leather and draped with a heavy crepe. It contains a card that reads as follows: "To H. Hanson and the Grayling Base Ball team." It is signed W. T. C. U. Whether the initials were intended for W. T. C. U. or not we do not know, but we do believe that it looks more like the work of Henry Stephens and a few associates. We accept the memento with good grace, for it will be a long reminder of the base ball series of the Gaylord fair, when Grayling beat Wyandotte 4 to 1; the Wyandottes beat the Otsego 1 to 0; and the Otsego beat Grayling 1 to 0. Mr. Stephens ought to feel pretty good when they defeated a team better than theirs. It was all base ball luck and every player on the Otsego team knows it.

The writer of this article was a witness recently of an incident that was shocking and shameful, and owing to the tender age of some of the girls was pitiful. We won't tell what the parents of the girls in Frideric can be thinking of to allow their daughters to continue in such actions and with such company. Perhaps when they go in a merry road to the country the parents do not realize the danger and the wickedness. This is the first of the like incidents and these, little girls especially, whom we were told were only fifteen years, were not a little the worse for a drink or two (or was it dope) but disgustingly drunk. It is our opinion that hanging is a good too good for the man of the party and equally severe punishment for the parents who either do not know or do not care about the whereabouts and associates of their daughters. Communicated.

Alfred Jacobson left on Saturday night for Detroit, where he expects to work this winter.

Deer licenses have been received here by the county clerk from Lansing and the sale of the hunter's credentials will begin with the opening of the deer season, which will be November 10th.

The Loyal Order of Moose gave another of their popular fish dinners at their club rooms last evening. Several members of the Kelly-Brennan show troupe were in attendance as invited guests and gave some pleasing vaudeville acts.

An alarm of fire was sounded shortly after 8 o'clock on Monday night, and the fire department rushed to the flower company's plant where there was a fire in the boiler room. By the time that the department reached the building the flames were pouring out of the windows, however good work on the part of the firemen soon had the flames extinguished. The greatest damage was done to the dynamo and the engine used for operating it. The wood casing, partitions and wood used for fuel were, in the main, nearly all burned. The damage amounted to about \$300. It is not known how the fire started. The night watch says that he believes that a lantern exploded. Others are of an opinion that it was caused by spontaneous combustion.

Fred Race and family have returned from Day City.

Miss Julia McCormick enjoyed the week-end in West Branch.

C. F. Underhill returned on Monday from a week's stay in Detroit.

Thos. McDonald and wife have resigned their position at the fruit farm.

Miss Ada Lozo returned on Saturday from an extended visit to St. Charles.

T. E. Douglas entertained Chas. W. Ward with an 9 o'clock dinner on Friday evening.

C. W. Ward and stenographer, who spent the past week here left on Saturday for Detroit.

Truant officer of Grayling was in the village on Tuesday looking after juvenile delinquents.

Miss Florence McCormick and Joan Kennedy attended the fair at Lewiston the first of the week.

Mrs. Dan Stephens enjoyed a few days visit from her sister of Sigbee, the latter part of the week.

T. R. Donovan and wife of Detroit are enjoying a hunting trip at their cottage at the main stream.

E. S. Houghton and family enjoyed the Otsego fair at Gaylord on Wednesday, also the ball game on Friday.

T. E. Douglas, the Misses McCormick, W. L. Decker and Clyde Lee were also in attendance at the fair on Wednesday.

Robert Pappenfos and family drove over to Gaylord on Wednesday and attended the fair which they enjoyed thoroughly.

Walter Dodge has purchased 40 acres of land of Thos. Morris and will build a home there in the fall and make it their home in the future.

Wm. Lewis who has acted as chauffeur for T. E. Douglas during the summer months left for his home at

Probate Notice.

STATE OF MICHIGAN,
The Probate Court for the
County of Crawford.

At a session of said court, held at the probate office in the village of Grayling, in said county, on the 7th day of October, A. D., 1913.

Present: Hon. Wellington Batterson, Judge of Probate.

In the matter of the estate of Henry Funk, deceased.

Susan Funk, the widow of said deceased, having filed in said court her petition, praying that a certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said court be admitted to probate, and that the administration of said estate be granted to Susan Funk, the executrix named in said will, or to some other suitable person;

It is ordered, that the 7th day of Nov., A.D., 1913, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition;

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the CRAWFORD AVALANCHE a newspaper printed and circulated in said county.

Dr. Claude Keyport and wife expect to leave today for Chicago for a short vacation. They will visit Detroit also.

\$2,000 in prizes and commissions to all. Read the Bay City Times' advertisement in this issue and write them as requested.

Miss Tina Smith expects to leave for Detroit next Saturday night to take up a course in training for a nurse at Harper hospital.

A. M. Lewis is in Grand Rapids this week attending a state druggist's convention. Also purchasing some of his holiday goods for the coming season.

C. L. Sheldon, of Bay City, a state factory inspector, was in the city yesterday making an inspection of the factories, workshops, hotels, stores and school houses.

For sale cheap, seven room house, two lots, barn, small apple orchard, good well water. Brink's addition, block 1, lot 11. Phone 1104 or call on C. Ackerman. Oct 4-w2

The first number of the Senior entertainment course will be given on Monday evening, October 20th. Buy your course tickets early. There will be five numbers, any one of which will be worth the price of the course. The proceeds, after paying expenses will go toward purchasing articles for the school room.

Highway Commissioner, Peter Aebli has received an official notice from the State Highway department that a voucher for \$1,000 will be issued promptly for the payment of the reward on the new stone road in this township that was completed this season. There will also be a reward of \$800 coming from the county from the state homestead tax land fund.

Miss Arvilla Jones entertained the Hek-kai-dek-a girls Tuesday evening at the home of Mrs. Everett. The evening was pleasantly spent in sewing, music and games. At ten o'clock the hostess served a tempting lunch. Outside guests were Clarence Jones, of Gaylord, and Mr. Gillies and Henry Joseph. All went home agreeing that they had had a very enjoyable time.

N. M. James, proprietor of the Oakdale farm, in Beaver Creek, brought in some specimens of corn that he has raised on this place this season. One variety was a mixture between Early Bryant and Squaw corn; there were also Evergreen sweet and rice pop corn. The ears were all fully developed and ripe. The rice pop corn is as fine a quality as we have seen. Mr. James has about 60 acres of land and a out five acres of this was planted to corn.

Perry Ostrander, of Pere Cheney, also brought in some samples of corn that would make any lover of agricultural products glad. His samples were of the red nose yellow variety. While the ears were not quite as long as some of the other samples that have been brought into our office, they are all good solid ears and as hard as flint. This is the third year that he has raised this variety. The first year he had a yield of 100 bushels to the acre and last year 98. This year he says he will have a larger yield than ever.

State Highway Inspector O'Keefe, of Lansing, was in the city Saturday afternoon and stated that he had just inspected the new state reward roads in Beaver Creek and Lovells townships. He found them first class and says that he will recommend that full reward will be allowed by the department. Mr. O'Keefe is a pleasant and congenial gentleman to meet. He is well posted on road building and is always ready to give out information and pointers whenever the opportunity affords. In all his work in the county he appears to have used good judgment and fairness.

The home of Mr. and Mrs. Thos. Woodfield was the scene of a quiet wedding at 3:30 o'clock on Sunday afternoon, Sept. 28th, 1913, when their youngest daughter, Ethelyn M. was united in marriage to Mr. William H. Finley, a popular young man of Bay City. Rev. David Gillis performing the ceremony. Miss Camilla Fischer, acted as bridesmaid, while Mr. James Finlin, of Bay City, a friend of the groom, acted as best man. The bride wore a beautiful gown of white shadow lace over white silk and the bridesmaid wore white chambray. After the ceremony was performed a sumptuous supper was served. Only relatives and immediate friends were invited. The bride is a Grayling girl by birth and has a host of friends here. She received many beautiful gifts. They left on the midnight train for Bay City where they are at home at 407 Washington avenue. Mr. and Mrs. William Shoemaker and daughter of Doyno City were present at the wedding. Mrs. Shoemaker being a sister of the bride. The young people have our best wishes.

A fair was held at Lewiston Tuesday and Wednesday of this week. Quite a few people attended it.

Jef Fogelson spent last Wednesday in Bay City visiting relatives and friends.

Our store will be closed Saturday until 5:30 p. m. on account of holiday. BARNHART'S CASH STORE.

The first number on the Senior class entertainment course will be given by the English Opera singers at the Temple theater, Monday evening, Oct. 20th. The class is worthy of your patronage and will appreciate the same. Reserved seats will be on sale at the Central Drug store at 9:00 o'clock.

A Garland range or heating stove that has seen years of service may still be depended upon to do good work. Their long years of usefulness proclaims them by far the most economical stove to buy. Besides, as stoves for service, they are built upon scientific principles that can give the greatest efficiency and greatest economy of fuel. Salling, Hanson Co. are local dealers in this line.

At Grayling the firm of Salling, Hanson Co. and R. Hanson & Sons manufacture approximately 40,000,000 feet of lumber a year, and the Johannesburg Manufacturing Co., 20 miles distant, manufacture 20,000,000 feet of lumber. These three firms handle many thousand cords of wood cut from refuse of the sawlog and shipped out by rail over the Michigan Central to different points in the state.

—MICHIGAN INVESTOR.

Roscommon is once more a busy town. More civic improvements are being made this fall than in the past number of years. The erection of A. J. Price's new two-story cement block building, Fred Mann's two-story photograph studio, the enlarging of the Roscommon hotel, the repairing and improving of several of our business places and residences, the erection of a new brick building for the Roscommon state bank, work on which will be commenced next week, the building of hundreds of feet of new cement sidewalks and the drilling for oil on the old John Trask site, are a few of the things that has given employment to a large force of men. Drilling operations were commenced at the oil well last week. They are already down 150 feet. Two crews are working night and day, and the work will be rushed along. The work is being supervised by G. S. Dunn. The St. Helen Development company has just completed a very large silo just south of St. Helen, which is now being filled.

ERROR EASILY TO BE SEEN

Miner Went at Once to the Root of the Trouble, as He Had It Sized Up.

A miner, who was proud of his boy's attainments at school, one evening picked up a home lesson book and read from it a quotation which ran like this: "Some books should be chewed, some swallowed, and some chewed and digested."—Dacon. Turning to his boy, he said:

"What's this, sonnie? Thou doesn't eat books at school, does that? I know you are very clever, but you cannot do those nunny-goat tricks, I'm sure. I'll warrant that'll be one of those printer's errors, sonnie."

"Oo, no, father," said the boy. "Metaphorically speaking, we eat books."

"Now, you cannot fool me like that," said the father. "I didn't go to school very long, but I ken that's one of those printer's errors. Why, sonnie, can't thou not see? He's put the word 'Dacon' in the wrong place. It should be 'Some books should be tasted, some swallowed, and some chewed and digested.'—Books."

Way to Woo Sleep.

The following method is described as one which is almost certain to woo slumber with success. On going to bed you assume a comfortable attitude in which every muscle is relaxed but not the attitude in which you are accustomed to go to sleep, though something resembling it. Every movement, coughing, yawning, are strictly repressed, especially the desire to turn over. The same attitude is maintained without change, constantly resisting the longing to move or turn over.

As a rule, by the end of 15 or 20 minutes of this persistent maintenance of the same attitude you will find yourself growing very drowsy and then, just as the desire to turn over becomes absolutely uncontrollable, you turn with the least possible effort, and assume the position in which you habitually go to sleep and natural sleep follows at once. This method, it is claimed, seldom fails and should be given a thorough trial, at least before resorting to a drug to bring sleep.

Narrow.

"The trouble with you, Biffles, is that you don't live within your income."

"Good heavens! If I lived within my income I couldn't breathe."

Heartless Parent.

"What's Jobbins so elated about?"

"That boy of his again. He has taught the innocent little fellow to say, 'I should worry.'"

Macaroni, lb.	1 1/2 cents.	1 cent.
Poultry, lb.	3 cents.	1 cent.
Raw wool	43.90 per cent.	Free after Dec. 1.

NEW TARIFF LAW WILL MAKE MANY RATE REDUCTIONS

Synopsis of Measure on Which Special Session of Congress Has Been Working.

MARKED CHANGES IN THE AVERAGE DUTIES

Democrats Confident That the Country Will Be Benefited by the Alterations, and That Business Will Remain Unaffected — Ad Valorem Rate in the Bill Is From 27 to 29 Per Cent. in Payne-Aldrich Bill They Are 40.12 Per Cent.

Washington.—The Democratic tariff revision bill, first on the program of reforms mapped out when President Wilson came into office, advanced to its last congressional stage when it was brought back to the house from the joint conference committee with the unanimous indorsement of the Democratic conferees.

The measure, of course, has both its friends and enemies. According to the administration, it carries out four of the party promises. Tariff reform, reduction in the high cost of living, campaign against the trusts, in that duties have been taken off of many trust made article, and the income tax.

The measure, consequently, has a larger importance than that of a mere tariff reform bill, and its effect would be widespread, both on business and industry, and also in connection with politics. Democratic leaders are confident that business will suffer no untoward effect; that consumers will be benefited.

Changes in the Rates.

The bill imposes an average ad valorem rate of from 27 to 29 per cent. The average for the present Aldrich law is 40.12 per cent. The average for the Wilson-Gorman act was 35.45 per cent.

Duties generally have been reduced on all of the articles that enter into the necessities of life, including the products of the farm as well as manufactured products.

Trust made products in many cases have been transferred to the free list or the duties at present imposed have been substantially reduced.

The income tax feature of the bill is expected to net some \$83,000,000. It will call for a tax on net incomes of unmarried persons of \$3,000 and upwards and on net incomes of married persons living together, where the wife or husband is dependent, of \$4,000 and upwards.

Exports estimates indicate a surplus of \$16,000,000 over all expenditures at the end of the present fiscal year.

A rate of 40 per cent. is imposed on stockings and half hose valued at

not more than 70 cents a dozen pairs. For stockings between 70 and \$1.20 a dozen pairs a duty of 40 per cent. was agreed upon.

The conferees eliminated the provision inserted by the senate denying entry into the American market of goods manufactured by children under 14 years of age.

The final agreement provided that any person employed to collect the income tax may be utilized by the secretary of the treasury in the general service of the internal revenue bureau.

Larger Customs Revenues.

"The customs revenues will be larger for the current year, 1914," Senator Simmons said, "because the rates of the Payne-Aldrich law have been for the force quarter, and will continue in force on wool and woolen goods until January 1, and on sugar until March 1. When the next fiscal year begins, July 1, 1914, all the rates of the new law will be in operation and the tariff duties collected will be smaller."

The income tax which is collected for the calendar year can be collected for only ten months of the present year, as the law specified that collection shall not go back of March 1, 1913. The estimated decrease in the total expenditures of the government for 1914, \$5,000,000, is based on the fact that smaller expenditures are expected for the army and navy estimates.

The balance of the total estimates, as given in the treasury estimates, is made up of postal receipts, internal revenue receipts, the profits from public land sales, and other sources of federal income.

Agricultural Products and Provisions.
Cattle, sheep and other domestic animals suitable for use as food, wheat and wheat products and eggs, have been transferred to the free list. Reductions have been made on oats, butter, bees, frozen eggs, peas, greenhouse stock, zante currants, chocolate and cocoa sweetened and extracts of meats from the rates provided by the house. The rates have been increased over those provided by the house on broken rice, fish packed in oil and ground spices. A rate of 20 per cent. ad valorem is placed on ground spices in addition to the specific rate provided by the house on unground. The senate receded from the reduced rate placed on faxseed and its amendment placing a duty on bananas. The house classification on lemons and other citrus fruits is accepted.

Papers and Books.

The house rates have been reduced on common paper, box, boards, papers partly covered with metal leaf or gelatine and plain black papers for albumenizing for photographic printing. The rates provided by the house for surface-coated papers suitable for covering boxes has been increased from 35 to 40 per cent. The senate amendments placing specific rates graduated according to thickness and size have been agreed to with several reductions in the rates provided. The rates agreed to are approximately equivalent to the ad valorem rates provided in the house bill. A specific rate has been placed on lithographic views of scenes and buildings located in the United States instead of the ad valorem rate provided by the house. This amendment results in an increase in the rate of duty.

Cotton Manufactures.
The senate classification of cotton cloth, according to the average num-

ber of the yards contained therein, was accepted, instead of the house provision for the highest number. This slightly decreases the rate of some fancy weaves and novelty cloth, but on the greater bulk of cotton cloth the rate is not affected. The rates on bleached and dyed cotton yarns are increased and on cotton yarns and cloth made of yarn, from numbers 79 to 99. The rates on handkerchiefs or muffers, not hemmed, have been deduced from 30 per cent., as provided by the house, to 25 per cent.

MANY WILL PAY INCOME TAX

Estimated That 450,000 Persons Are Affected, and That \$82,298,000 Will Be Raised.

INCOME TAX SCHEDULE.

\$3,000 to \$5,000	1 per cent
\$5,000 to \$10,000	2 per cent
\$10,000 to \$15,000	3 per cent
\$15,000 to \$20,000	4 per cent
\$20,000 to \$25,000	5 per cent
\$25,000 to \$30,000	6 per cent
More than \$30,000	7 per cent

Washington.—According to estimates completed by the treasury experts, 425,000 American citizens must keep such accurate account of their incomes this year that they will be able to report to the income tax collector next spring exactly how much they owe the government under the new income tax law.

So far as the taxable American is concerned, the income tax law is now practically in force against him. While the tariff law in which the law is embodied will not be signed until next week, the first returns do not have to be made to the internal revenue collectors before March 1, 1914. But when the returns are made they will cover the income of citizens from March 1, 1913, to December 31, and the first payment of tax will be for money received during this period.

Every single person (citizen or foreign resident) whose annual income exceeds \$3,000, and every married person with an income above \$4,000, is expected to report his or her receipts in detail to the government agents March 1 of each year.

To Produce \$82,000,000.

The estimate completed indicates that the income tax will produce \$82,298,000 from the 425,000 persons taxed. To this will be added the \$35,000,000 or more produced by the present corporation tax, which is continued as part of the law.

President Wilson, the federal judges of the Supreme court now holding office and employees of a state or any political subdivision thereof, are the only persons specifically exempted from the tax by the new law. The president and judges now in office were made exempt to escape any questions of the constitutionality of the law, and their successors in office will be compelled to pay the tax.

First Burden Is on Citizen.

The general public is expected to give close study to the new law in the next few months, as the first burden of the tax payment rests with the individual citizen, and his failure to report his income is punishable by a fine.

It is admitted that when first returns are made many taxable persons probably will escape payments, but with each year the government's lists of persons with taxable incomes will be made more nearly complete.

Methods of Collecting Tax.
Two primary methods of collecting the tax are contained in the law. One is that the individual return made by the citizen; the other the returns by corporations and other employees who pay their employees' taxes "at the source." Under the law as it will be signed by President Wilson next week, every large company employing labor will be compelled to report any regular salaries it pays in excess of the \$3,000 figures, and will pay the taxes for its employees and deduct the tax from their pay envelopes.

This "payment at the source" will apply to salaries, rents, interests, royalties, partnership profits and some other sources of income, and persons receiving such incomes must be prepared to show that the money has paid its tax at its source.

In figuring up his net income for the taxpayer, the American business man, after deducting \$3,000 for himself, or \$4,000, if married, will have the right to claim the following additional exemptions:

Necessary expense of carrying on business, not including personal, living or family expenses.

Interest paid out of indebtedness.

National, state, county, school or municipal taxes paid within the year.

Trade losses, or storm or fire losses, not covered by insurance.

Without loss charged off during the year.

A reasonable allowance for the depreciation of property.

Dividends from companies whose incomes have already been taxed.

HOW THE NEW INCOME TAX WILL BE LEVIED AND WHAT REVENUE IT IS EXPECTED TO YIELD

Incomes.	Number.	Total Tax.
\$3,000 to \$5,000	128,000	\$ 630,000
\$5,000 to \$10,000	178,000	5,340,000
\$10,000 to \$15,000	53,000	4,240,000
\$15,000 to \$20,000	24,500	3,185,000
\$20,000 to \$25,000	10,500	2,100,000
\$25,000 to \$30,000	21,000	9,640,000
\$30,000 to \$35,000	6,100	6,832,000
\$35,000 to \$40,000	2,400	4,776,000
\$40,000 to \$45,000	2,500	13,775,000
\$45,000 to \$50,000	850	8,905,500
\$50,000 to \$1,000,000	350	13,453,000
\$1,000,000 or above	100	9,301,000
Total	425,000	\$82,298,000

Special Court for Domestic.

Windsor castle and other royal residences outside London are under the authority of the Court of Marshalsea. It has the same officials and powers as the Green Cloth, and was established by Henry VIII. In particular it is charged to administer justice between the king's servants so that they are not drawn into the service of foreign sovereigns.

Among cases decided in recent years was that of the second master cook, who in absence of the master cook

seated himself in the chair at dinner and thus violated precedence. Again, when King Edward took into his service the Arab chef whose real Turkish name had won Royal approval at Marash, it fell to the Court of Marshalsea and Green Cloth to decide his exact rank in the culinary hierarchy.

The Explorer.
Knicker—It must be thrilling to tread where man never trod before.
Bocher—It is. Try tracking up your wife's pet rug.

Interest from state municipal or government bonds.
Must be Entire "Net Income."
It is a clear provision of the law, however, that the taxable person must make a return to the internal revenue collector for his entire "net income," and exemptions claimed under the law must be submitted to the federal officers for them to determine upon their reasonableness or legality.

The amount of the income tax, as finally agreed upon, follows:
From \$3,000 to \$5,000, 1 per cent.; from \$5,000 to \$10,000, 2 per cent.; from \$10,000 to \$15,000, 3 per cent.; from \$15,000 to \$20,000, 4 per cent.; from \$20,000 to \$25,000, 5 per cent.; from \$25,000 to \$30,000, 6 per cent.; above \$30,000, 7 per cent.

A single man with an income of \$25,000, for example, would pay 1 per cent on \$25,000 and 2 per cent on \$5,000, a total tax of \$370. If married, the first tax of 1 per cent would apply to only \$16,000 of the income.

Ready to Answer Questions.
The treasury department is preparing for a flood of questions about the new income tax, realizing that this feature of the tariff bill about to become law strikes more intimately at the tax paying citizen than do the indirect taxes collected through the customs duties.

Representative Cordell Hull of Tennessee, who drew the income tax provision of the tariff bill which will soon become law, made public a detailed explanation of the tax plan as it will touch the individual citizen.

"The treasury regulations soon to be prepared will make clear to every taxpayer the requirements of the law and its application to income derived from the various kinds of business," Mr. Hull said. "Any person who keeps familiar with his business affairs, during the year should have no difficulty in executing his tax return."

How Tax Is Divided.
The income tax is divided into two phases, the "normal" tax of one per cent on the whole income above \$3,000, and the additional tax that begins with an extra one per cent above \$20,000 and is graduated to six per cent above \$500,000. Wherever the income tax is paid "at the source" by a corporation for its employees or in similar cases, only the one per cent normal tax is so paid.

"The individual has to pay an additional tax himself. The provisions of the law requiring the tax to be withheld at the source does not take effect until November 1, 1913.

"For the first year the citizen will make return to the local internal revenue collector before March 1, 1914, as to his earnings from March 1, 1913, to the end of this year. The collector will notify him June 1 how much he owes and the tax must be paid by June 30. After next year the tax will apply on the full calendar year.

"If the income of a person is under \$3,000, or if the tax upon same is withheld for payment at the source, or if the same is to be paid elsewhere in the United States, affidavit may be made to such fact and thereupon no return will be required.

Covers Incomes of All Citizens.
The tax covers all incomes of citizens of the United States, whether living here or abroad; those of foreigners living in the United States, and the net incomes from property owned or business carried on in the United States by persons living abroad.

"The net income includes all income from salaries or any compensation for personal services; incomes from trades, professions, business, or commerce; from sales or dealings in personal property or real estate; from interest, rent, dividends from securities; for all business carried on for gain.

"Requests will not be considered income, nor will life insurance paid to a beneficiary or returned to the insured person as a 'paid up' or 'surrendered policy' be taxable. Interest on such property will be included as income, however.

"The amount that may be deducted from a total income includes the cost of carrying on business, actual losses, depreciation allowances, and tax exempt or tax paid money. Living expenses cannot be deducted, nor can money spent for permanent improvement to property.

Form to Be Ready Soon.
The form that is to be filled out by the taxpayer will be drawn up soon by the commissioner of internal revenue. The taxpayer will have to give his gross revenue and then specify and claim the deductions to which he feels entitled.

"Unless a man's income tax is 'paid at the source' he must hunt up a tax blank, fill it out, and see that it finds its way to the proper federal official in his district before March 1, 1914.

"Firms, corporations, and the like having the handling of interest, rents, salaries, or other portions of the income of any citizen are compelled to deduct the tax for the individual and pay it to the government. The individual then will receive a receipt showing he has paid his tax."

Sprinkling the Garden.
"And the one with the light hair and pink frock, who is she?"
"Oh, that is Daisy; she's the flower of our family garden."
"And do you ever turn the hose on her?"

Mrs. Winslow's Soothing Syrup for Children
Soothing, softens the gums, reduces inflammation, allays pain, cures wind colic, whooping cough, croup, etc.

Modern Conditions.
"There's an idea for a dress."
"Too daring," said the actress. "It may be all right for the street, but it wouldn't be allowed on the stage."

MAKES HARD WORK HARDER

A bad back makes a day's work twice as hard. Backache usually comes from weak kidneys, and if headaches, dizziness or urinary disorders are added, don't wait—get help before the kidney disease takes a grip—before dropsy, gravel or Bright's disease sets in. Doan's Kidney Pills have brought new life and new strength to thousands of working men and women. Used and recommended the world over.

AN ILLINOIS CASE.
Q. L. Farrand, 1123 Sixth Ave., Chicago, Ill., says: "My business required much horseback riding and the constant strain weakened my kidneys. I had terrible backache and was often laid up for a month. I couldn't turn in at night without pain. I lost flesh, and my doctor treated me, but I got worse. I took Doan's Kidney Pills and five boxes cured me. I have since enjoyed good health."

OTSEGO WIN FROM GRAYLING

(Continued from first page.)

ball that they were capable of playing.

Bell, who pitched for the Otsego against Grayling, is from Ypsilanti and has been engaged by the Grand Rapids Central league team for next year.

Bates, third baseman for Grayling, is from the Cleveland American team. Payne, the catcher, is from Detroit Tigers and Chicago White Sox. Dubac is leading the Detroit pitching staff this season. Wagner is from the Kalamazoo Southern Michigan and a very clever player. Zamlock is also a Tiger pitcher. Fabrique is from Providence and is a crack short stop. Bramble plays with the Kalamazoo Southern Michigan league.

Henry Stephens is known as a real base ball fan and takes more pleasure in winning than anyone we know of, yet no one can truthfully say that "Tom" isn't a good loser when he has to be. Without his base ball sport-manship the people of northern Michigan wouldn't have had the chance to see such games and also to see some of the greatest ball players in the country today and without Grayling there wouldn't be any reason to pick a team of leaguers to play this part of Michigan.

Bell, for the Otsego, pitched a fine game and was given excellent support, especially in "Grandpa" Bowerman, who in his prime days was known as the world's greatest back stop. Alto his hair is gray, he played his position to perfection. Five hits were made off Bell and we want the fans all to take notice that Johnson and Letzsch each made one good safety. Dubac, for Grayling, kept the big wrecking machine of Stephens' down to three hits, and with one exception, was given perfect support.

Avoid Sedative Cough Medicine

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicine contains codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It contains no morphine or other sedatives. For sale by all dealers.

WALES' UPPER LIP GIRLISH

That's Why War Office Abolished Rule That Officers Must Wear Mustache.

London.—The girlish upper lip of the prince of Wales is responsible for the recent order of the British war office making mustaches optional with military officers.

This order caused the greatest astonishment when issued, for it upset

Prince of Wales.

a custom that was centuries old. There is no record of a time when English officers have not as a rule cultivated mustaches.

Although the prince of Wales is nineteen, there is no indication that his upper lip will ever attain to even a fuzzy condition. He is to join a cavalry regiment in a short time, and he would be ineligible except for this convenient relaxation of an immemorial custom.

MESSIAH'S KINGDOM.

The Glorious Day of Divine Favor is Nearing.

The period in which sin is permitted has been a dark night to humanity, never to be forgotten; but the glorious day of righteousness and divine favor is soon to be ushered in by Messiah. He is the SON OF RIGHT-EOUSNESS, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, which will more than counterbalance the dreadful night of weeping, sighing, pain, sickness and death, in which the groaning creation has been so long. "Weeping may endure for a night, but joy cometh in the MORNING."

For further LIGHT on the coming Kingdom send thirty-five cents for the Helping Hand for Bible Students, entitled, "THE KINGDOM COME." Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Catarrah Cannot Be Cured

with local applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly upon the blood and mucous surfaces.

Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrah. Send for testimonials, free.

DO FALSE-CREEDS MAKE CRIMINALS?

Prison Statistics Support Inference, Says Pastor Russell.

Reverence For God Constitutional With All—With Proper Conceptions of God All Would Delight to Worship Him—How Satan Has Fostered the Misconceptions—How These in Turn Have Driven Men From the Almighty In Fear—God Has Been Pictured as Beelzebub—The Bible, Considered the Revelation of Satan's Purpose, is Shunned—The People Perish For Lack of Knowledge—Christians Should Awake—The True God Should Be Preached—True Knowledge Will Draw All Men Toward Him.

PASTOR RUSSELL

Columbus, Ohio, September 28.—Pastor Russell preached twice here today. We report one of his discourses, from the text, "If our Gospel be hid, it is hid to them that are lost, in whom the god of this world has blinded the minds of them which believe not, lest the light of the glorious Gospel of Christ, who is the image of God, should shine unto them."—2 Corinthians 4, 4.

I do not charge our forefathers with evil intent in making the creeds. I cheerfully admit that every creed contains an element of Bible truth. My contention is that Satan has substituted the creeds for the Bible; and into the creeds, through human weakness, he has injected a sufficiency of nonsense and "doctrines of demons" to render them unhealthful for saints, and absolutely poisonous to others, said the Pastor.

Taking up his text, he declared that its truthfulness is manifest on every hand. The word Gospel means "good tidings of great joy." This Gospel of Divine Love and Mercy toward our race is completely hidden from the world. Even mature Christians discern but little because the creeds of human tradition have so misrepresented God and His purposes as to make of them bad things.

"Hath Blinded Their Minds."

The Pastor pointed out that St. Paul, as well as the other Apostles, foretold the falling away of the Church from "the faith once delivered to the saints." St. Paul particularly declared that this would result from giving heed to seducing spirits and doctrines of demons—the fallen angels. (1 Timothy 4:1.) In a thousand ways, through mediums, planchettes, visions and dreams, these seducing spirits have intruded their demon doctrines upon God's Church. Their purpose is to deceive mankind regarding God's real character and purposes.

The Pastor then showed how successful Satan and his fallen host have been. While persuading men that they were afar off stocking ties, they have really been assisting ecclesiastics in misinterpretation of the Bible, especially its parables and symbolic statements. As a result, the glory of God manifested in Jesus for human salvation is unattainable to the world.

The statement of our text, "Hid to them that are lost," said the Pastor, does not mean that they are lost because they cannot see it. The Bible distinctly tells us that all are lost through Adam's disobedience. The Apostle means that the masses of the lost world cannot see the Gospel light. Soon Christ will take His power and reign. His first work will be to bind Satan, that he may no longer deceive mankind.

What Prison Statistics Mean.

In all modern prisons, statistics are kept showing what religious training was received by the prisoners in early life. In almost every case the prisoners guilty of the most serious crimes were from infancy trained to believe in eternal torment. In such homes, fear prevailed instead of love. The natural effect upon the children would be a terror of God, a torturing fear respecting the future.

Even in Christian homes, the parents feared to tell the children their advanced views. They said, "If children are scarcely restrained from evil-doing with the thought of eternal torture, how terrible might be their course if they were to doubt that doctrine! Little did we realize the foolishness of such reasoning. Fear cannot draw the sinner to God. 'The love of Christ constraineth us.'"

The Pastor then showed that the influence of the creeds of the Dark Ages has been the reverse of what has been expected. Man naturally has reverence for God. The true knowledge of God would incline men to worship Him. The highest qualities of their being would find expression in worship. With the enlightenment of the Bible men would learn that all are sinners; that death is the penalty for sin; but that God has provided through Jesus' death a reconciliation.

By hiding the Truth from men, Satan has driven them from their best Friend—Almighty God. In dread of God and in fear of the unmerciful arrangements for the future taught them from infancy, many have plunged headlong into sin, striving to forget God. But a true knowledge of God's character has revolutionized the lives of many.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. E. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.

Mortgage Sale.

Whereas, default having been made in the payment of the money secured by a mortgage dated the 14th day of March, 1910, executed by John McGill, being a purchase price mortgage of the township of South Branch, Crawford county, State of Michigan, to Daniel Jones, Lealie, of Ingham county, State of Michigan, which said mortgage was recorded in the office of the Register of Deeds in the county of Crawford in Liber H. of mortgages on page 102 on the 4th day of April A. D., 1910 at nine o'clock a. m.

And whereas, the amount claimed to be due on said mortgage at the date of this notice is the sum of one hundred and sixty-six dollars and five cents (\$166.05) cents of principal and interest, and the further sum of fifteen (\$15.00) dollars as an attorney's fee that is fixed by statute and the stipulation in said mortgage and which is the whole amount claimed to be unpaid on said mortgage and no suit at law having been instituted to recover the debt on said mortgage or any part thereof, whereby the power of sale in said mortgage has become operative.

Now, therefore notice is hereby given that by virtue of the power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the entrance of the front door of the court house, in the city of Grayling, Crawford county, Michigan (that being the place wherein the Circuit court for the county of Crawford is held) on the second day of December next at one o'clock in the afternoon of that day, which said premises are described as follows, to wit: The southwest one-fourth (1/4) of the southwest one-fourth (1/4) of section thirty-two (32), town twenty-five (25) north of range one (1) west.

Dated August 27th, 1913.
EDWARD D. BLACK,
Administrator of the estate of Daniel Jones, Deceased, Mortgagee.
BLACK & ROBERTS,
828 w13 Attorneys for Mortgagee.

To the Honorable Board of Supervisors of the County of Crawford, Michigan.

Your petitioner, the Western Michigan Power Company, a corporation organized and existing under the laws of the State of Michigan, with its principal offices at the city of Cadillac, Crawford county, Michigan, hereby petitions your honorable body for authority and permission and prays leave to construct the County of Crawford River in the County of Crawford for the purpose of generating and transmitting electric power.

Locations. Said dams will be constructed as nearly as may be at right angles with the stream, and the points where the several dams will cross the stream will be within the limit of the subdivisions heretofore stated, to-wit: Yuma Dam: On the Northwest Quarter (NW 1/4) of the Southwest Quarter (SW 1/4) of the Township Twenty-Two (22) North, Range Twelve (12) West.

Black Dam: On the Southeast Quarter (SE 1/4) of the Southwest Quarter (SW 1/4) of Section Two (2), and the North Half (N 1/2) of Section Eleven (11), Township Twenty-Two (22) North, Range Eleven (11) West.

Sherman Dam: On the East Half (E 1/2) of the Northeast Quarter (NE 1/4) of Section Thirty-One (31) North, Range Eleven (11) West.

Myrtle Dam: On the Southwest Quarter (SW 1/4) of the Southwest Quarter (SW 1/4) of Section Eleven (11), Township Twenty-Two (22) North, Range Eleven (11) West.

Baxter Dam: On the Northwest Quarter (NW 1/4) of Section Nine (9) and the North Half (N 1/2) of the Southwest Quarter (SW 1/4) of Section Nine (9), Township Twenty-Two (22) North, Range Nine (9) West.

Walton Dam: On the Northwest Quarter (NW 1/4) of the Southwest Quarter (SW 1/4) of Section Nine (9), Township Twenty-Two (22) North, Range Nine (9) West.

Walton Dam: On the Northwest Quarter (NW 1/4) of the Southwest Quarter (SW 1/4) of Section Nine (9), Township Twenty-Two (22) North, Range Nine (9) West.

Description: The dams will consist of a masonry portion constructed of stone or concrete, or a part of both, and connected with the banks by earth work embankments. The masonry portion will contain spill ways or waste gates, and a cross section of at least Four Hundred Eighty (480) square feet.

There will be constructed at each dam a standard dam according to the specifications of the Michigan Fish Commission. It is also proposed to construct at each dam a chute for the passage of timber and logs, such chute to be constructed with side walls of stone or concrete, and a sloping floor or apron, and provided with gate or gates to control the flow of water and permit entrance to and passage through said chute; to construct a skidway for passing small boats over and across said dam.

There will be no locks, log chutes or aprons for the passage of boats, vessels, rafts, timber other than those above mentioned.

The Western Michigan Power Company will pay to the treasurer of your company for compensation for the preparation hereof asked for by the Board of Supervisors of Crawford county, Michigan, of which the foregoing is a true and correct copy, the sum of Five Dollars (\$5.00) within thirty days after such permission is granted.

Such permission shall be construed to give to your petitioner the right to flow or in any manner take or injure the land of any person or persons by or in consequence of the construction of said dam or to destroy or injure the property of the county or of any municipal corporation therein.

Dated at Cadillac, Michigan, September 19, 1913.
[Seal]
WESTERN MICHIGAN POWER CO.
By C. E. ROWE,
Vice-President.

Secretary and Treasurer.

Mortgage Sale.

Default having been made in the conditions of a certain real estate mortgage, whereby the power of sale thereon contained became operative, made by Anna M. W. Keeney of Lansing, Michigan, to Jesse C. Narmore and Mina Narmore, husband and wife, of Lansing, Michigan, dated August 23rd, 1911, and recorded in the office of the Register of Deeds for Crawford county, Michigan, on September 28th, 1911, in Liber 1K of mortgages on pages 518 and 519, and after said mortgage assigned to Nina M. Fry, by an assignment recorded in said Register of Deeds' office in Liber I, on page 29 of mortgages, upon which mortgage there is now claimed to be due and unpaid, the sum of fourteen hundred and eighty-four dollars, being the sum of \$1400.00 principal and \$484.00 interest, all of which the assignee of said mortgage hereby elects to consider due and payable at the date hereof, by reason of the non-payment of the installment of interest due August 23rd, 1913, as allowed and provided for in said mortgage, and no suit at law having been brought to recover said mortgage debt or any part thereof, notice is hereby given, that by virtue of the power of sale contained in said mortgage, the subscriber, the owner of said mortgage, will sell on Monday, the 25th day of December, 1913, at two o'clock in the afternoon of said day at the main entrance to the County Court House in the City of Grayling, Michigan, at public auction to the highest bidder, on the foreclosure of said mortgage, the lands described therein, or such part thereof as may be necessary to satisfy the amount due thereon at the time of sale, together with all legal costs, that is to say a parcel of land in Beaver Creek township, Crawford county, Michigan, described as: the North one-half (1/2) of North-east one-fourth (1/4) and the South-east one-fourth (1/4) of section twenty-two (22), T. 25, North, Range 3, West.

Dated Sept. 27th, 1913.
Nina M. Fry,
Mortgage Assignee.
CARL H. McLEAN,
Attorney for Mortgage Assignee.
Business Address, Lansing, Mich.
10-2 w13

County Clerk's Office, Grayling, Mich.

This is to inform the taxpayers of Crawford county that on Sept. 5th inst. his office has received from the Auditor General the statement of the apportionment of the state taxes of Crawford county for the year of 1913, to be \$11,262.48. JOHN J. NIDDERER, Crawford County.

(Last year's apportionment was \$7,149.01) 10 1 w1.

They Make You Feel Good.

The pleasant purgative effect produced by Chamberlain's Tablets and the healthy condition body and mind which they create make one feel good. For sale by all dealers.
